## 610 to graduate in Antioch

It's graduation time in Antioch and parents and students from all over the village and township are getting ready for the big day.

Antioch High School will graduate approximately 400 students, at 2 p.m., on Sunday, June 4, in the gymnasium.

This year ACHS will not have a valedictorian or salutatorian, but there will be several Cum Laude students chosen for

their academic achievements.

Marcie Jester has already been awarded the honor of being named the school's outstanding female student and Scott Reimers is the outstanding male student, as well as the outstanding citizen.

On Thursday, June 8, at 8 p.m., Antioch Upper Grade School will graduate 140 students. Carrie Holbo and Lily Gerhard are the Class of 1989's top students.

Both Emmons Grade School and Grass Lake School will be holding commencement exercises on Friday, June 2 in their gymnasiums.

Emmons' ceremony will take place at 7 p.m. when 17 graduates will receive their diplomas. Emmons' valedictorian is Kristin Pierson.

Grass Lake will be saying goodbye to 25 graduates at 7:30 p.m. Kathy Harris

has been named class valedictorian and Jenny Brausam, salutatorian.

Twenty eight St. Peters graduates will receive their diplomas during 11 a.m. Mass on Saturday, June 3.

On Sunday, June 4, Faith Evangelical Lutheran School will fete 10 graduates at a 10:30 a.m. church service.

## Young hero pulls senior from water

Thanks to the heroic efforts of Bernie Hardy, 25, and help from neighbors, Carmen Costello, 82, Antioch Twp., is resting in good condition in Northern Ill. Medical Center in McHenry and the Antioch Fire Dept.'s dive team did not have to dive for a drowning victim in the Channel Lake channel last week.

Costello, who is handicapped, was reportedly practice-driving his new car.

At 6:30 p.m. on Thursday, a neighbor claimed she saw him pull into his garage and crash through the back wall, he and his car diving into the inlet.

Violet McClory, who saw the accident, called to Hardy who was just returning from work.

Hardy dove into the water and coaxed Costello out of the car which was still afloat.

Hardy then started to pull the much heavier man ashore, both of them going under water a couple to times, when other neighbors arrived in a small boat, just after Hardy had grabbed onto a towrope tossed by McClory and her husband.

Neighbors then pulled the boat to the sea wall with the towrope.

The Antioch Rescue Squad transported Costello to the Northern Ill. Medical Center in McHenry for treatment.

## Rescue's fund drive on its way

The Antioch Rescue Squad, which has been giving emergency aid to the village and township of Antioch for 49 years, is having its annual fund drive. The completely volunteer squad answered 1,040 calls in 1988. Those wishing to donate can contact Gerald Popp, head of the fundraising committee.

## Recycling era takes hold

Communities throughout Lake, McHenry and Kenosha Counties are investigating recycling as a means of reducing the wastestream. New drop-off centers have been opened in the last two months in Lindenhurst and Gurnee. Scouts, youth groups and environmentalists man the centers, collecting recyclable materials from residents. Grayslake's drop-off center is one of the longest running in Lake County, formed in 1974. Here, volunteer Kevin Reidel, left, assists recycling participant at Grayslake recycling center off Rte. 83. For a look at how communities are tackling the solid waste problem, see related story inside. - Photo by J. Michael Jordan.

# VICTORY DOCTORS

## BREAKING THE MOLD

### WHEN IT COMES TO PATIENT CARE.

How can you tell a Victory doctor apart from the rest? It's their experience and qualifications, along with their human approach to medical care. Victory doctors are dedicated to delivering the most progressive healthcare available, and the personal attention you deserve.

The Victory philosophy is carried out through our doctors and services. From educational programs to advanced technology, Victory and

our physicians are committed to providing the Lake County community with superior healthcare.

With 170 staff physicians in 34 specialties, there's a Victory doctor that's just right for you. Whether you need a pediatrician, internist or surgeon, you can find them quickly with our Physician Referral Service. Our free service takes the guesswork out of choosing a doctor by matching up your specific

needs to our physicians' experience and location. Phone **360-4101** for more information.

For health care with a human touch, choose a Victory doctor. You'll see for yourself why we break the mold when it comes to patient care.

For more information about Victory's other services, call **360-4246**.

# County embraces varied recycling effort

By STEVE PETERSON  
Lakeland Newspapers

Faced with legislative mandates from the state, communities throughout Lake County are developing or refining their recycling programs.

From Antioch to Banockburn, Scouts, youth groups and environmentalists are pitching in to aid the recycling effort. Waste disposal firms are making pitches before village board which have not decided upon what avenue they would like their recycling effort to go.

Specifically, the towns and villages are facing legislation after Lake County adopts its waste disposal plan, expected later this year. After that occurs, 15 percent of the wastestream must be reduced in three years and 25 percent in five years.

Grayslake is the home of one of the longest running drop-off centers, as the village started theirs in 1974.

"We started it all," Dick Whittington, Grayslake's director of environment and recycling, said.

"Education is the most important component of the program," Lee Addleman, recycling coordinator of Waste Management of Lake County said.

He pointed out that when there was once 23 landfill sites in the Chicagoland area, there are now eight and some of those are in their final stages.

Grayslake is starting its curbside program later this month and is in the process of a community-wide education effort.

"The education program has been well received in the schools. We always get a tremendous response at the drop-off center after we talk to the students," Whittington said.

New recycling programs were started early this month in Gurnee and Lindenhurst.

In Gurnee, Scouts from the O'Karo Dist. are manning the drop-off center at

the Gurnee Public Works building. Obenauf Disposal Service was the winning bidder of three disposal firms who bid for the Gurnee contract.

Gurnee Mayor Dick Welton praised the project, stating it was a good idea to start it before legislation.

In Mundelein, Mundelein Disposal is licensed for the village's curbside pickup program, according to Mundelein Village Admin. Ken Marabella.

"We are very pleased with the response

Village officials are pleased with the response for the three-week old program. Waste Management of Lake County donated the bin at the drop-off center.

In Antioch, Chuck Carstensen is doing the footwork for background information and is talking to Waste Management and other disposal companies about setting up containers.

The profits could be returned to the village.

Joe Varga, head of the successful

nity. But first there must be a change in state law to allow townships to do this. State Rep. William Peterson (R-Prairie View) of the 60th Dist. has co-sponsored legislation this session to permit this.

Until this happened, Ela Twp. Supv. Robert Grever was ready to organize a township-wide recycling program. He was prepared to call a meeting of area mayors and ask their cooperation in demanding that refuse firms begin recycling. "I don't know if anyone would throw us in jail for this, but I want to be on the safe side," Grever said of waiting for the state law to change. "If all of us have to be recycling by 1991, I want us to get an early start."

The Round Lake Area Recycling Center has received tremendous support from the community during its first seven months of operation. Unfortunately, falling market prices have forced the center to discontinue buybacks to individuals.

Donations to support the center itself or community groups who have established accounts are still accepted during buyback hours. Aluminum cans, newspapers and plastic bottles can be left at the center from sunrise to sunset.

The Round Lake Area Recycling Center prides itself in conserving natural resources, reducing disposal costs, saving landfill space and employing mentally disabled adults who live in the Round Lake Community. The first year of operation for the recycling center was made possible through a grant from the Illinois Dept. of Energy and Natural Resources.

All profits made from donations in Round Lake go towards the salaries of the mentally handicapped that work at the center.

In Fox Lake, no recycling program is in existence per se but the idea was brought up during contract discussion with Waste Management of Lake County prior to contract approval last year by then Trustee Margaret Paul. At that time the village board members felt "people would have to be well educated," said Fox Lake Village Clerk Sue McNally.

McNally said, "I have a feeling it will be a big part (of the 1991 contract with Waste Management)".

In Wauconda, no program exists in the village, either. In April Wauconda approved its first negotiated contract with Waste Management to provide standardized curbside pickups. Bids, including one from Waste Management, included options for recycling. The village chose not to get into a recycling program during the first year with a new contract. According to Wauconda Village President James Keagle, the village will be taking a serious look at recycling for the 1990-91 fiscal year.

Editor's Note: Kim Bolton, Gloria Davis, Mike Pramshafer and Joe Soulak contributed to this report.

**Waste disposal firms are making pitches before village boards which have not decided upon what avenue they would like their recycling effort to go.**

so far," Marabella said.

He noted there is about a 65 percent response rate to the program.

Mike Flynn, Mundelein administrative assistant, said about 5,000 homes are participating in the project. The village is also operating a drop-off center at the Eagle food store. March 27 was the first day for the curbside program.

"We would like to keep the dropoff center open because not everyone is served by curbside," Flynn said.

Like most drop-off centers, the Mundelein facility takes glass, glass containers, aluminum and newspapers. Sunday inserts, although shiny, are usually accepted if part of the paper.

Flynn said the village will continue to advertise its program through the newsletter.

"You have to keep the program visible to the public," Flynn said.

In Wadsworth, village trustees heard a report from Don Powles of BFI Waste Systems, Inc. in Waukegan. No definite action was taken.

In Lindenhurst, the drop-off center at village hall is manned by the village's program.

Tomahawk, Wis., recycling program will speak to the environmental committee on June 14.

At the township level, township officials are campaigning in Springfield this week for a House bill presently before the Senate.

"The bill would give townships the authority to set up recycling programs," Warren Twp. Supv. Bob Depke said.

Depke campaigned for recycling when he was running for the county board six years ago, said many townships which have recycling programs now are doing so without an enforceable law.

He said he would favor a curbside program for Warren Twp.

"It is something that has to take place," Depke said.

Long Grove has been recycling for five years. The program will be expanded to plastic containers later this year.

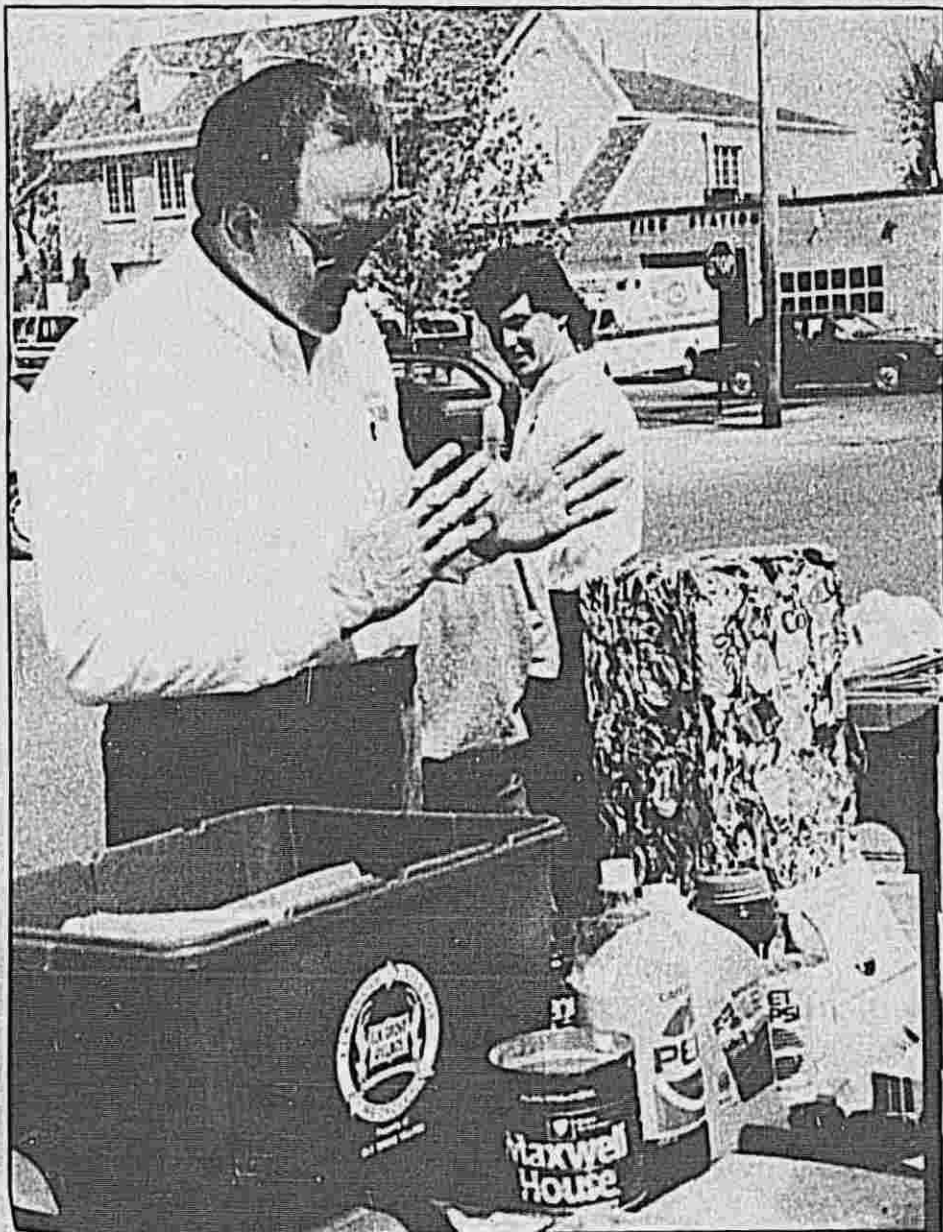

Right now anyone, resident or non-resident, can bring recyclable items to the village hall. At the end of the parking lot are three bins; one for all paper except cardboard, another for both metal and aluminum cans and a third for glass. They are available around the clock.

"Everyone, whether a resident of Long Grove or not, can bring items here for recycling," said Village Administrator Cal Doughty. "The more we recycle the less goes into a landfill somewhere." He noted the second biggest volume of waste paper, next to newspapers, is in the form of third class or "junk" mail.

About once a week non-profit North Shore Ecology picks up the can container. The one for paper is exchanged twice a month. North Shore Ecology further recycles and separates items in the containers before sale.

By the end of 1989 the village hopes to have in place an ordinance requiring all households to recycle. This will be done through the village's several independent garbage contractors. To do business in the village they will be required to have residents separate out aluminum cans, newspapers and glass.

Ela Twp. is planning a broad-based recycling program to include every commu-

## Pitching in

Above Lee Addleman, recycling coordinator for Waste Management of Lake County, explains recycling process. Grayslake residents had a chance to view one of the trucks which will be used in the village's upcoming curbside recycling program. At right, Grayslake trustees join in village's recycling effort by throwing recyclable materials into trash container. *The President and Mrs. Bush  
request the pleasure of your company  
at a reception to be held at  
The White House  
on Monday, May 8, 1989  
at five-thirty o'clock*

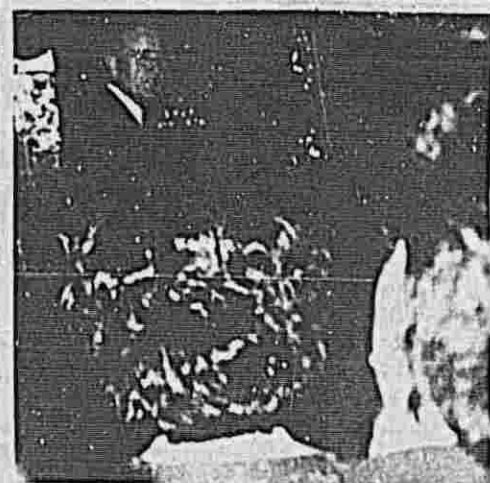

### Presidential invitation

Official invitation from President George Bush received by Joan Sampolinski of Antioch. She and her husband, Dr. Anthony Sampolinski, attended reception for members of GOP Leadership Council.

### D. C. Cocktails

Joan Sampolinski, Antioch, member of the Republican Congressional Leadership Council, enjoys cocktails in the East Room of the White House just before President Bush speaks to 100 invited guests (see insert).

## Sampolinski wants to hug 'lovable' Barbara Bush

by GLORIA DAVIS  
Lakeland Newspapers

Joan Sampolinski of Antioch, found out what it must be like to be a friend of the President of the United States and spend unguarded time at the White House while hob-nobbing with Washington's political set.

She and her husband, Dr. Anthony Sampolinski, who has a general medical practice in Lindenhurst, were one of two Illinois couples that attended a four-hour cocktail party and reception at the White House, during which President George

Bush thanked the 100 or so people attending "for being the backbone of the Republican Party that keeps us going."

Joan Sampolinski has been a member of the Republican Congressional Leadership Council even before last year's Presidential campaign.

"Actually, my husband and I have been Republican Party supporters for a long time. We have been members of President Ronald Reagan's Republican Task Force since 1983," says Mrs. Sampolinski.

"We received the invitation because of our campaign contributions and the work we do for the Republican Party. It was really a thank-you from the President and an update on the President's first few months and some revelations about the immediate future of the party in Washington," said Joan.

"We spent a day at the Washington Hilton, where members of Congress did the updating and the forecast of good things to come," she said.

The next night there was the cocktail party and reception which had originally been scheduled for 5:30 p.m., but was moved up to 4:30 p.m.

"The President gave his address of gratitude afterwards and then we were allowed to roam the two floors of the White House besides just the East Room where the reception was held," Joan added.

She expressed her surprise that everyone carried their cocktails while nibbling and snacking and taking an unofficial tour of the two floors of the White House, going where and when they pleased.

"Everyone was very friendly and readily answered any questions we asked. I was really impressed by the military who were all in formal attire, mixing with the guests as the Marine Band played the en-

tire evening," Joan said.

"I loved the Red Room and the Green Room, they were just gorgeous, and the beauty of the Jacqueline Kennedy Gardens was really memorable," she said.

Joan added that the decor of all the rooms, from walls to ceilings, to windows and furnishings, were all perfectly color coordinated.

Although the Sampolinskis were within three feet of the President and his wife, there was no real personal contact but "I felt like I could reach over and just hug Barbara Bush, she seemed so loveable just like my mother," Joan remarked. (They had been briefed not to approach the President beforehand.)

"In fact," she admitted, "There was a short time when I found myself actually crying when I realized that I was really at the White House."

That visit to the nation's most famous residence will not be the only federal political thrill experienced by the Sampolinski's this year.

They just received an invitation to a Presidential dinner on June 14 at the Washington Convention Center. Are they going? Of course they are and maybe we'll get another D. C. update when Joan returns from another visit with the Bushes.

## Board hears praising of business department

by GLORIA DAVIS  
Lakeland Newspapers

The Board of Education of Antioch Community High School heard praise for a school department and also a student, at its last regular meeting.

Supt. Gary Allen read a letter to the board from Hewitt Associates praising the high school's business department. Putting their money where their letter was, Hewitt also hired six of the students from that department for permanent positions.

There were more accolades for senior Becky Johns who has had another literary tribute paid to her.

Principal Art Blecke told the board that Johns had received notice that her poetry was elected by the Ill. Assn. of Teachers of English, for honorable mention in the Ill. English Bulletin. This is the second year in a row that John's has had poetry honored by that association.

In other news, the board was also told by Blecke that an agreement between the high

school's negotiating team and the education association has allowed for the hiring of a soccer coach for the 1989-90 school year and a volleyball coach for the 1990-91 school year.

This summer, the newly organized Lakes Area Community Band will be rehearsing in the high school's band room, from June 8 to Aug. 3, according to board approval.

Neal Smith of the school's fine arts department will be directing the band.

### Change meeting

The regular meeting of the Antioch Community Consolidated Dist. 34 Board of Education scheduled for Tuesday, June 20, has been cancelled. The meeting has been rescheduled for Tuesday, June 13, beginning at 8 p.m. in the board room at the W.C. Petty Elementary School, 850 Highview Dr., Antioch.

### ACHS athlete

## Letter to the Editor

### Need vision Editor:

To the readers of the Antioch Reporter and Lake Villa Record. My sympathy to the Antioch area residents, for their loss will be great. What great tragedy am I speaking of? Mr. Alfred Petersen, one of the largest land owners in the Antioch area, in Lake County, has just contracted to sell 465 acres of the most beautiful woodlands, wetlands and lakefront property that Antioch has, to developers.

What makes this tragedy more pitiful is that it has the blessing of the Village of Antioch! What is most tragic is that only a few well to do homeowners will be able to enjoy this natural area.

I'm convinced that current residents of Antioch deserve more than a park on Main St that has a swimming pool. At least I hope this isn't the mentality among your village and townships leaders.

My thoughts on this are different, more visionary and a challenge to June

Fields, Bob Wilton and the village trustees of Antioch.

Why not accept only a plan from the developer that allows development of plowed fields, with any and all woodlands, wetlands, channel and lakefront areas to be purchased by the Lake County Forest Preserve Dist.

These areas are extreme by suitable areas for natural preservations and would be a jewel for Antioch to enjoy and cherish.

Antioch needs to plan for natural areas in the village. It's a mistake to think that such a large area has to be developed in a way that past annexations have been developed.

Lindenhurst will have three large forest preserves surrounding it. These are great contributions to the quality of life in that area. Thanks to the Weber's of the Weber Duck Farm, the newest of the preserves will have avoided development because of their love for a high quality environment in that area. They wanted their land to stay undeveloped, so they approached the Forest

Preserve and gave them first choice to buy their property. Thank you Webers!

What's happened in Antioch? I don't know Al Petersen personally, though I'd like to. I know he's made a lot of money off land sales in the Antioch area.

I'm told he is a really nice man, and also a shrewd businessman. I'm not sure why he didn't go to the Forest Preserve Dist. using the developers offer as a basis, and say, "For the benefit of the residents of Antioch and Lake County, I want to give you first chance to buy this land."

Is it too late for something like this to happen? Can something be done yet? Or in 20 years, will we have to lament the fact that here was a blown opportunity?

Jim Fields, Bob Wilton, trustees of the village of Antioch, now is your chance to show us home visionary you are. Great leaders are visionary. Great things can happen if there are great leaders.

Phil Dziki  
Lake Villa

## Park receives donations, pool construction on hold

Director of Antioch Parks and Recreation, Theresa Weber, has received two donations for the Antioch Parks and Recreation Dept. Weber said, "The money will be put to good use. We are trying to improve many of our current parks."

Spyridon Hortis, who has annexed land to the Village of Antioch, donated \$350 to the parks department. The money will be spent on new signs and bushes in the

### In military

Cpl. James Pelianka, son of Thomas and Katherine Pelianka, Antioch, has completed U. S. Army primary leadership courses. Pvt. 1st Class Michael Gliniewicz, son of Debbie Gliniewicz, Antioch, has been decorated with the Army achievement medal in West Germany. He is a 1987 graduate of Antioch High School.

Hiram Buttrick Sawmill Park.

Weber also said Antioch Park Dept. received a second donation of \$500 from the Antioch Women's Club. This donation will go toward the Antioch Aqua Center project, which will begin Sept. 15.

Weber said the pool bathhouse was to be rebuilt this spring, but it was too close to the swimming season to begin anything. "The pool opens Memorial Day weekend. We wouldn't have been able to build it quite that fast."

Swimming lessons begin June 12 at 10 a.m. Anyone interested must go to the Aqua Center to register.

Pool passes are also being sold at the Aqua Center and the village hall at 874 Main St. Passes are \$30 for a single and \$75 for a family of four (Each additional member is \$5).

## Sewer advisors turning to ISD for assistance

by KIM BOLTON  
LAKELAND NEWSPAPERS

The Northwest Sewer Advisory Committee voted at its meeting earlier this week to notify the Illinois Assn. of Sanitary Districts (ISD) that the committee plans to pursue workable legislation in Springfield.

Formal notification of the proposed legislation, which is necessary to establish a "super sanitary district" by which the expanded treatment plant in Fox Lake can be made effective for all the municipalities wishing to hook onto it, is necessary for the ISD to recognize the Northwest Sewer Advisory Committee so that the committee can turn to the ISD for assistance.

The ISD is comprised of well-informed individuals who will be able to assist the committee in getting their bill passed in Springfield at the earliest possible date as well as answer any questions the committee may have, according to Charlie Johnston, Avon Twp. representative.

Rudy Magna Jr., counsel for the advisory committee, said the earliest possible date the bill could be introduced would be the fall 1990 session.

The Northwest Sewer Advisory Committee is an advisory committee to the Lake County Board. The committee is made up of representatives from Fox Lake, Hainesville, the Round Lake Area, the Round Lake Sanitary Dist., Antioch Twp., Avon Twp., Grant Twp., Lake Villa Twp., the Village of Lake Villa, and the Lakes Region Sanitary Dist.

The committee is concerned with the expansion of the Fox Lake Wastewater Treatment Plant and with the planning necessary to make the plant workable. The new plant is estimated to cost \$20 million.

Currently all municipalities represented on the committee have their sewer lines linked to the Fox Lake treatment plant except Antioch and Lake Villa. The county owns the lines and interceptors to the plant which are large enough for the hook up of the two towns.

Magna recommended a resolution to the board that they begin addressing the concerns each municipality is having

regarding the treatment plant. He said the concerns must be identified for the ISD legislative subcommittee, which is chaired by Fox Lake Trustee Dick Bayne, so that the ISD is better able to understand the whole picture. Magna said the ISD will not offer help; help must be asked for.

"They do not want to take it upon themselves to help us. If asked, they will help us," Magna said adding that the ISD has already put the heat on in Springfield for the bill.

Magna said the problems the Northwest Advisory Committee are facing fall under three categories: water quality, people living in affected areas, and rate making authority. He said the county will have the final say as far as the rates go and that the Village of Fox Lake has full authority over the treatment plant.

Engineer for the project, Ross Sweeney of Donahue and Assoc., reported to the advisory committee that he is sure Fox Lake will be granted the low-interest loans for which it has applied from the IEPA.

"On a readiness-to-proceed basis, we have a very high priority. We'll get the money in the first round," Sweeney said.

Fox Lake is number 18 on the IEPA's priority list.

Sweeney said that the rate structure is the next decision of the highest priority. He said the Village of Fox Lake and Lake County must meet to set the rates. A user-fee schedule and an ordinance showing that collection will begin as soon as construction is completed are necessary to show Springfield that revenues will be immediately collected to pay back the loans.

The IEPA has approved the current user-charge system, according to Sweeney, but he got a laugh out of the committee when he said, "I don't know whether they understand it in all the details."

Fox Lake has already met all of the compliance requirements for the next IEPA deadline of July 15. The only action to be taken, besides setting a rate schedule, is the letting of a conditional bid before the Sept. 30 deadline.

The IEPA will twice be awarding loans totalling \$60 million each before the end of the year.

## Moose women wish Lodge 525 happy 40th

The Women of the Moose 735 wish a happy 40th birthday to Antioch 525 Loyal Order of Moose.

Anyone who thinks that a Moose is only a large, hairy animal with big antlers should think again.

The Loyal Order of Moose and their auxiliary Women of the Moose are fraternal orders dedicated to the betterment of mankind.

First in their hearts are their twin cities, Mooseheart and Moosehaven.

Mooseheart is a Child City, located at Mooseheart, Ill. (about 40 miles west of Chicago).

Mooseheart is a self-sustained community maintained by the Loyal Order of Moose for children of members or families in need of assistance.

Children at Mooseheart live in residence halls according to school classification.

There are five campuses in one. The tiny tots live in

Baby Village. The furnishings and programs are planned for the world of small people.

Each student, during their stay, has the opportunity to learn a trade or to earn a scholarship to further their education after leaving Mooseheart.

Moosehaven is the City of Contentment for Golden Ageds. This ultramodern community provides security for the Moose fraternity members and their wives.

## PTO donates \$10,000 to Grass Lake School

At its last regular meeting, the Grass Lake School Board of Education took the following actions: approved the tear-down of the garage near the kitchen to comply with "health and life safety" requirements; approved the adoption of the 1989 Merrill Health Series for grades K-8; and approved a state-funded K-3 summer school program.

In other action, the board revised school board policy 230 on school board member vacancies. The policy

complies with recent legislation giving the school board 30 days to fill a board vacancy.

The board also accepted the resignation of the music teacher, Neal Smith.

Supt. Anthony Przacklasa informed the board of a

\$10,000 PTO donation to the school for the purchase of school desks, science equipment, textbooks and sports uniforms.

The date of the regular June school board meeting has been rescheduled to Tuesday, June 20.

## Disputes witnesses

Barbara Thompson, who had been living in the home in Channel Lake on Rte. 173 and Lotus that was reportedly trashed by area

teens two weeks ago, says that none of her family was involved in the trashing.

The family was in the process of moving out.

## Swing choir performs

Antioch Community High School's swing choir members perform at Millburn School. Antioch jazz group also performed during school's red-and-white banquet. Millburn students are looking

forward to the last day of school this week. Eighth grade graduation will take place June 5. Millburn students attend either Antioch or Warren high schools. - Photo by Steve Peterson.

## Village planners eye \$6 million complex

by GLORIA DAVIS  
Lakeland Newspapers

Jack Dupre, developer of Antioch's Comfort Inn on Rte. 173, has proposed construction of a three building complex, consisting of 76,000 square feet of retail and office space next to the inn.

The Antioch Village Board has already approved a change in the zoning of the 5.67 acre-site from R-5 (apartments) to B-2.

At present, the commercial development is in the early stages, with a concept plan in front of the planning commission.

But project head Dave Bushing is looking on the positive side and has already announced ground breaking at the end of summer, along with the fact that Ruth White and Chris Jackson of ERA Woodland Realty in Lindenhurst will be doing the space leasing.

The projected total cost of the office/retail complex has been set at \$6 million.

Plans are for the first one story building, scheduled to contain 12,000 square feet of retail space, to be completed by next spring.

The other two buildings will have three stories and, though their masonry facade will be the same as the one story building, more glass will be used to afford lake views.

The second building on the project's agenda will have 37,000 square feet of space for lease, with the first floor devoted to retail businesses and the other two to be used for office space.

The last building to be built (they will go up west to east, with the construction working

towards the Comfort Inn) will have 26,500 square feet of office space for lease.

Project designers are Bernheim and Kahn, Chicago.

## Top typist

## Dist 34 reroofs Upper Grade

by GLORIA DAVIS  
Lakeland Newspapers

At the last regular meeting of the Board of Education of Antioch Grade School Dist. 34, the board approved the accepting of the \$168,800 bid from C & C Roofing, Chicago, for the reroofing of the Antioch Lower Grade School.

The bids were at a high of \$240,000. C & C's bid was the lowest.

The board also instructed board member Cathy Odson to vote yes on the proposed SEDOL budget at the meeting of the SEDOL Board of Directors on June 7.

Supt. Don Skidmore reported on Sect. 89 of the tax reform act, saying that the section was ostensibly to generate more federal taxes and extend insurance

benefits for those not covered.

Skidmore told the board that instead, Sect. 89 "defies logic an if enforced will result in utter confusion."

For the first time in three years, the board approved the raising of milk prices for the next school year from 95 cents to \$1.

In other business, the board approved leaves of absence for Janice Brandes and Cathy Goodwin and signed contracts to hire Tim Molitor who has a strong background in math and computers as a strong addition to the Antioch Upper Grade School staff. Richard Larson was also hired to teach social studies and coach. Also hired was Ken Johnson, who will teach math and computer science courses.

## Engagement

### Herbst-Grampo

Mr. and Mrs. Wm. J. Herbst of Antioch announce the engagement of their daughter, Kimberly of Baltimore, Md. to Dale Edward Grampo of Baltimore, the son of Mr. and Mrs. Eddie Grampo and Yvonne Kauppila of Gay, Mich.

The ceremony will be performed by Pastor Charles Miller of St. Stephens Lutheran Church in Antioch on July 8.

The bride-to-be is a 1977 graduate of Antioch Community High School and a 1980 graduate of Northeast Missouri State Univ. and has a bachelor of science degree in industrial technology/graphic arts. She is employed as an art/advertising director for O.S.E. Co. of Gaithersburg, Md.

The groom-to-be is a 1977 graduate of Warren High School and attended American River College in Sacramento, Calif. and has served in the Airforce Finance Div. He is employed as a

service manager for Overhead Door Co., in Baltimore.

The couple plans to settle in Baltimore.

# Lots of June birthdays draw Lizard's best wishes

by LIZ SCHMEHL  
(312)395-5380

June appears to be a real popular month as I have a lot of birthday wishes to extend. Happy birthday to the following people from Lizard and readers. Hope you have loads of fun on your special day—Craig Hancock, Danny Clarke, Cheryl Henning, Bill Parenti, Laura Falcone, Rich Chetebok, Kjersten Martens, Darlene Olenick, Nicky Galdine, David Wallsteadt, John Kasprzak, Clarissa Kasprzak, Pat Sherwood, Vinnie Galdine, Marlene Olsen and Bertha Schmehl.

## Women's Aglow

The Antioch Chapter Women's Aglow Fellowship would like to extend a warm welcome to a new member, Sandee Kutschat. They would also like to make mention of the special speaker for the June 6 meeting, Lorie Link will be the speaker at the meeting. Lorie is the founding president of Antioch's Women's Aglow. The meeting will

be held at 7:30 p.m. in the community room at the Antioch State Bank. Plan to attend this special meeting and bring a friend. There will be no July meeting, and Nancy Larson is the scheduled guest speaker for the August meeting. For further information, call (312)395-0060.

## First-place winner

Congratulations are in order for Jenny Harris of Antioch. Jenny is quite an accomplished golfer. Sunday, May 21, Jenny placed first in the girls' division at the Pine Meadow Junior Golf Tournament. This tournament was held at the Pine Meadow Golf Course in Mundelein. Jenny is a junior at ACHS and has been golfing since grade school. She truly enjoys the sport, and something tells me grandpa, Howard Stann, is extra proud of her golfing achievements.

## Congratulations

Congratulations to Brad Priller for making the honor roll at Grass Lake School all four quarters. Brad is in

the sixth grade and is a fine student.

## Science fair

Seems the old Lizard missed quite a fantastic sci-

entific project. Heather Burke and Rhonda Garwood received the second best in fair award for their project discovering the stickiest

## Hometown Goodies

Liz Schmehl

ence fair at Grass Lake School. The entire school was eligible to enter the fair. Medals and ribbons were awarded to the junior high winning entries, and all K-5 participants receive certificates of participation. The winning junior high projects this year were: Kathy Harris, Carrie Hiller and Cathy Chinn received Best in Fair award for their combined efforts in their paper recycling project. They received bronze medallions and a blue supe-

rior ribbon. Heather Burke and Rhonda Garwood received the second best in fair award for their project discovering the stickiest brand of bubble gum. They each received a model rocket and a blue superior ribbon. All other junior high entries were awarded either a blue superior ribbon, a red excellent ribbon or a white noteworthy ribbon. Congratulations to all winners, and words of praise to all the participants on efforts put forth.

## PTO fun fair

The weather was perfect. The crowd was steady. It looked like all present were having a good time at GLS PTO Fun Fair. There were about 10 art and crafters set up outside selling their wares. GLS' own talented Sandy LaForge was on hand with her gorgeous painted saw blades, etc. This year, she added something new to her line—beautiful hand-painted sweatshirts.

Once inside the gym, one could enjoy the various games, be locked in jail, have a delicious sundae at the ice cream social, or eat a tasty lunch. Bonnie Dembinski was on hand to take PTO memberships for the next school year, and raffle tickets were being sold to try one's luck in winning one of the various donated raffle items. The chair persons would like to thank all the people who helped make this function so much fun. Camping trip to Blackhawk

The usual big group of campers from the Grass Lake area got together for their annual camping trip to Blackhawk Campground over Memorial Weekend.

Pat and Tony Santiemmo were extra excited about going this year as they just bought a beautiful new camper. Pat tells me even their dog, Gunner, is happy with the new, bigger camper, as he has more room to sprawl out. Someone in the "enormous" group of fun-loving campers better call me with a news report on special happenings during the weekend.

## GLS yearbooks

The Grass Lake School yearbooks were distributed on May 25. They really turned out great. The yearbook staff has a few extra books on hand. If you didn't order yours and would like to, contact the school or a member of the yearbook staff—Linda Boerman, (312) 395-8059; Marie Brau-sam, 395-1236; Julie Groh, 395-8294; Pat Santiemmo, 395-6574; or the Lizard at 395-5380. The price of each yearbook is \$8. It is truly a precious memory of your child's grade school years. Etc., etc., etc.

If you are planning big summer parties and need napkins for your guests, I have it on good authority that Tony Santiemmo, Sr., may be able to help you out in this area. Just ask him when you see him next time.

On Saturday, Jon and Jim Utinans and Jimmy Schmehl spent the day skateboarding on Jimmy's three skateboarding ramps. All did quite well on the ramps, but Jim Utinans gets the prize for the only one daring enough to use the roll in on the high ramp. It's amazing what youth can do—they kept pushing themselves to do more, and I turned grey watching them.

A very happy belated birthday to Don Grob from the Lizard and readers. I've been told that Don spent his birthday (May 26) coaching soccer practice. My informant would not disclose Don's age, but said he often tells his children about how

he used to use animal furs as barter. Chin up, Don, don't be concerned about being another year older. Just remember the old saying, "The world belongs to the young." Oops! Wrong saying—try this one:

"Another year older and another year wiser!"

I've been told that routinely busy Marie Brausam is going to be much busier in the near future. Presently, she is planning a combined eighth grade graduation party in honor of her daughter, Jenny, and Jenny's best friend, Missy Olenick. However, that is only the tip of the iceberg in Marie's busy schedule. She also has a wedding to plan.

Marie 11-year-old daughter, Kelley, was the lucky girl to catch the bridal bouquet at the wedding reception of a friend. In keeping with tradition, the girl who catches the bride's flowers will be the next to marry. Marie has been scouring the malls looking for a bride's dress appropriate for an 11-year-old. I wonder who will be the groom? Actually, I feel Marie should put her foot down and say no wedding unless the happy couple each possesses a grade school diploma!

Has anyone seen pretty 12-year-old Laura Edelman lately? I did, and, boy, did I love her new perm. I just wanted to tell Laura, via this column, how pretty she is and how her vivacious cute ways brighten up my day each time I see her. You are a good girl, Laura, don't ever change!

With school almost out and the little ones around full-time, remember to call me and share your summer fun times with everyone. We all love to hear about special vacations, family barbecues, one-day excursions, lazy days around the pool, etc. So, make sure you call me with all your little leisure time tidbits. And when you call, remember to "ask for the Lizard."

## Sequoits end campaign, team looks to next year

The Antioch varsity girl's softball squad ended its season on a disappointing note with a 22-0 loss to Zion-Benton in the second round of the Warren Regional.

The Sequoits had won seven consecutive contests prior to their game against the ZeeBees.

Antioch, which ended its 1989 campaign with an 11-13 overall record and an 8-10 mark in North Suburban Conference play, could only muster three hits and one walk against Zion. The ZeeBees, which entered the game with a 23-3 record overall, scored all of their runs in two innings, 10 in the third and 12 in the fifth.

"Zion is a very good team. They hit the ball well and they don't make many mistakes. They have a very athletic team," said Antioch Coach Ken Anderson.

He continued, "The game got out of control during

the third inning. We gave them some walks and we had a few errors in the field which helped them score some runs. You can't do that in tournament play."

In the first round of the regional, the Sequoits beat Waukegan West by a score of 11-0. Kelly Pramshafer had three RBI's and Dale Ramage had two.

Kelly Maple fired a two-hitter against the Raiders.

Anderson said he will now start preparing for next season. Seven juniors will return to the team next year. Jenny Hagan, Debbie Wertz and Jenny Harris, along with Pramshafer will all return with a lot of playing experience. Other juniors include Robin Ramage, Tanya Albert and Nicole Nerini.

"We have some outstanding potential returning to the line-up next year. I'm excited about the possibilities," said

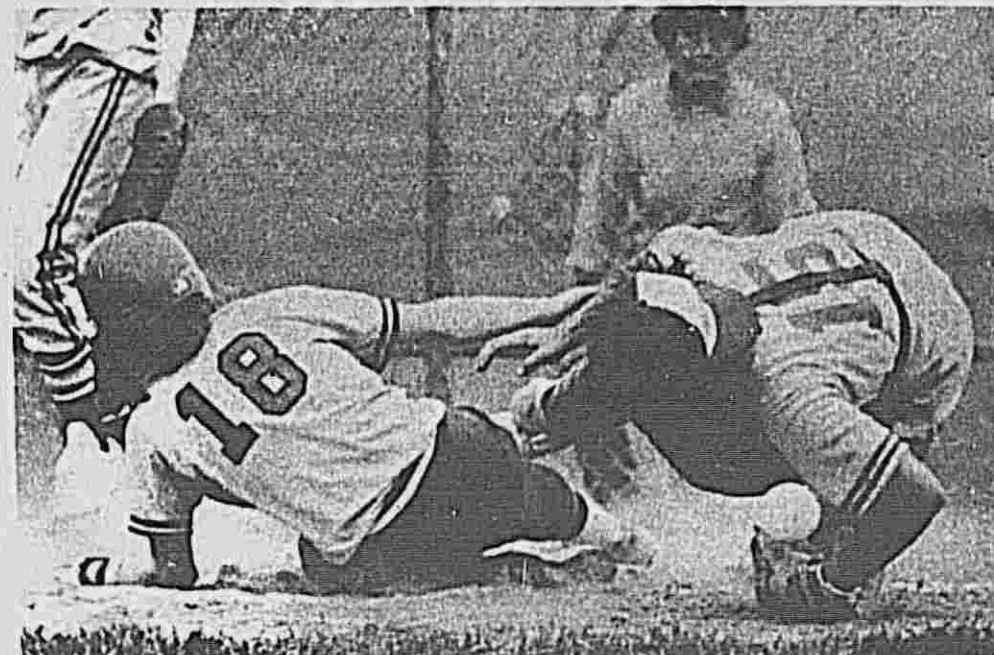

Anderson, who just completed his first season as head coach of the varsity team.

"We'll have more depth next year than we did this year. The junior varsity and freshmen programs also have some talented players coming up through the ranks," he added.

The Sequoits will miss the five departing seniors, namely pitcher Kelly Maple.

Season-ending statistics (not including the playoffs) show Wertz as having the highest batting average for Antioch. She ended the campaign with a .413 batting average, followed by Maple (.379), Hagan (.314), Pramshafer (.307), Denise Bosc (.301) and Harris (.289).

Stolen base leaders included: Hagan (38), Harris (32), Pramshafer (26), Wertz (25), Bosc (22) and Dale Ramage (21).

## Community band forming in the Chain O' Lakes area

This summer marks the beginning of a new institution in the Chain O' Lakes area, The Lakes Area Community Band. The band, under the direction of Neal Smith, will be meeting 7 p.m. every Thursday, starting June 8, at Antioch High School.

The band, sponsored by Lakes Area Music in Antioch, will be comprised of amateur musicians from the Chain O' Lakes region and looks to be about 50 members strong. No audition is involved and anyone over the age of 16 is invited to attend.

Three concerts are already planned for this summer. They are July 4 at Williams Park in Antioch; July 15 at Forest View Park in Lindenhurst, at 6 p.m. and on July 29 on Toft St. in Antioch.

The music will include a number of marches by Sousa and Filmore, medleys of popular Broadway tunes and modern concert band literature by well known composers such as Aaron Copeland, Leonard Bernstein, Gustav Holst and others.

Neal Smith is the assistant band direc-

tor at Antioch Community High School and spent two years as the band director and music teacher at Grass Lake School. As the assistant conductor of the Kenosha Symphony, he has studied conducting for several years and is also a professional trumpet player in the Chicago area.

"The community response has been very enthusiastic," says Smith. "I think the band will be a tremendous symbol for the area and great fun for those involved. I encourage anyone interested to dust off the horn and give it a try."

Tom Erlenborn the owner and manager of Lakes Area Music on Main St. in Antioch is the primary sponsor of the organization. He was a band director for 16 years in Richmond and Waukegan and is helping to put the band together.

The Lakes Area Community Band is scheduled to meet all summer and if things go well it may evolve into a year round group that can give several concerts a year. "This will be a great way to bring together people in the community," says Smith. "I look forward to our first rehearsal on June 8."

# Mayoral task force plans future Rte. 53

by JOSEPH SOULAK  
Lakeland Newspapers

Another step was taken this week to make Rte. 53 a reality. This is the 17-mile, six-lane, \$500 million highway through the heart of Lake County from the Cook County line to Grayslake.

At a meeting this week in Lake Zurich called by the Northern Illinois Planning Commission, about one dozen mayors and village leaders were talked into becoming a Rte. 53 task force.

Whether opposed to Rte. 53 or not, they will meet regularly to:

1. Develop a land-use pattern for the Rte. 53 corridor.
2. Possibly develop village boundary agreements.
3. Develop environmental regulations leading to new ordinances for stormwater, flood plains, stream management and erosion.
4. Recommend appropriate legislation for each of these areas.

Agreement in one or several areas will go a long way toward convincing the Illinois Dept. of Transportation (IDOT), Chicago Area Transportation Study (CATS), Regional Transportation Authority (RTA) and even NIPC itself that Rte. 53 is needed, said William Peters, executive director of NIPC. This could speed construction, which is called for in the year 2010 transportation study for the Chicago area.

Peters and others said this is a chance to control the destiny of an area that is growing with the northward sprawl of subdivisions.

"If you don't believe, take a look at Rte. 53 in DuPage County," NIPC Chairman Charles Thurston said about uncontrolled growth on the south end of Rte. 53.

The mayors or their representatives will meet again Thursday, June 22, at the Lake Zurich Village Hall. NIPC staff will outline the structure of the new body, committees and subcommittees. It was suggested the body meet every month to

six weeks to hear reports from the subcommittees.

Invited to join will be an "authoritative" spokesman for IDOT and a representative from the Village of Wauconda. That community was not represented at an May 30 meeting, because in Peters' words, "The village is not directly impacted (such as other communities.)."

An offer of funding for research, expert testimony and paperwork came from Tad Weigle, executive director of the RTA. It was also hinted IDOT may also be willing to fund the organization. There was almost unanimous agreement that the body will be disbanded as quickly as its work is accomplished, most likely in one year.

"Growth will occur in this corridor whether there is a Rte. 53 or not," Thurston said in opening the meeting at the Lake Zurich Village Hall. "It is better to be prepared for it and plan ahead."

Peters added that: "What happens in one community influences another," he said about traffic, pollution and environmental concerns.

Almost everyone at the meeting agreed an environmental impact statement is needed before all other things. This will not be an update of a 10 to 15-year-old EIS, but a fresh one taking into account the changing character of Lake County. It was reported that IDOT has \$4 million in its current budget for such a study. Peters explained the new EIS is not desired until construction money for Rte. 53 is assured because the data is perishable, like that of the last study.

Peters explained a less stringent impact statement will be required if Rte. 53 is built by the Illinois Tollway Authority and not by IDOT using federal funds, which carry stricter environmental demands.

Some of the concerns about Rte. 53 expressed at the meeting were:

**Marilyn Sindels**, mayor of Mundelein: "I'm opposed. It will split our town in half," she said of the route.

## Destiny is in their hands

First meeting of task force representing communities along the Rte. 53 corridor was May 30 at the Lake Zurich Village Hall. Monthly meetings will plot the destiny of every village, resident, business and, even, wildlife in the for at least 1-1/2 miles on either side of the highway as a result of the impact of the six lane, \$500 million project.

**Roberta "Bobbie" O'Reilly**, Dist. 6 County Board member: "The County Board is opposed. We are concerned about the regional implications."

**Glenn Greishaber**, mayor of Hawthorn Woods, "This highway will completely dissect our rural community."

**George Welch**, mayor of Kildeer: "I'm concerned this committee is too broad in scope. I hope we are not setting up a committee to listen to each other."

**Marvin Smith**, mayor of Grayslake: "I will be opposed unless traffic at the end of Rte. can also go west as it wants to instead of only east to Rte. 45 to only turn around and come back to overload our streets."

**Burt Mall**, Long Grove trustee: "I hope Rte. 53 never goes through. We have suggested alternative improvements to local highways that will cost less than one-half of that planned for Rte. 53."

**James Kay**, president of Lake Zurich: "The past administration approved of Rte. 53. I am leaning in that direction, too."

**Paul Neal**, former mayor of Libertyville and chairman of the Lake County Municipal League: "We favor Rte. 53."

Also represented at the meeting were the villages of Buffalo Grove, Gurnee, Third Lake, Round Lake Park and Wadsworth.

## Foes speak their piece at meeting

By STEVE PETERSON  
Lakeland Newspapers

The maps were to the right of the speakers' microphone.

Before, during and after the meeting, residents would walk up to them, take a gander and usually shake their heads.

As the opponents of the Rte. 53 extension spoke, a strong wind hallowed outside the Grayslake American Legion building.

Inside, there were plenty of buttons and posters to go around.

Such was the background for a forum held to discuss the extension of Rte. 53 from Lake-Cook Rd. to Rte. 120. Sponsored by the Grayslake Residents Assn. to Save Open Space, the meeting featured Lake County Board members, a citizens group and individual residents speaking out against the expansion of the highway.

"It will ruin my home," Ann Kekatos, an Arbor Vista resident, said.

The meeting began with Eugene Ryan, deputy director of Chicago Area Transportation Study (CATS), explaining the agency and the history of the Rte. 53 expansion, known as FAP 432.

Ryan said CATS began 30 years ago to prepare a transportation plan for the region. "The purpose of the plan is to prepare for the future," Ryan said.

He described the six-county Chicago region as "relatively mature."

The number of households, though, has grown from 140,417 to an estimated 224,043 in 2010, a 59 percent increase. McHenry County, meanwhile, is forecasting a 71.7 percent increase. In employment, Lake County is expecting a 38.6 percent increase in employment.

"Lake County is one area that is growing," Ryan said.

After Ryan presented his facts and figures, residents en masse voiced their opposition.

"It stinks," Lake County Board Dist. 4 member Suzie Schmidt said.

She questioned who would pay for the extension.

"Why this big push. What is the driving force," she said.

Lake County Board member Bobbie O'Reilly of Dist. 6 asked if would be possible that the extension would be turned down.

Ryan said there is a possibility.

Tony Deen of Citizens Transportation Coalition said the next ballies over the Rte. 53 extension will be funding in the state legislature or switching the plan to the Illinois State Tollway Authority.

"There are a lot of sharp people in Lake County watching this," Schmidt said.

Some residents asked why the line for Rte. 53 were on some Arbor Vista home titles but not others.

One resident stated that options which have been presented to IDOT include: public transportation, postponing action and others.

Schmidt said the Lake County Board opposes the extension. "We are the voice of the people in Lake County. I moved here from DuPage County. I see the same thing happening in Lake County," she said.

"What is at issue here is detrimental to the fabric of the community. It (the extension) is not inevitable," Deen said.

He said the line on the map representing the Rte. 53 extension was done by satellite in the 1960s before environmental concerns.

"The line has not moved one inch," he stated.

## County officials gain seats on Municipal League board

A new slate of officers for the Lake County Municipal League was ratified at the bi-monthly membership meeting held at the Northern Chalet Restaurant announced new President Richard A. Welton, mayor of Gurnee.

In addition to Welton, the following officers will serve for a term of office which will expire in May of 1991: mayor Evelyn Cooper of Lincolnshire will serve as vice president; Mayor Carl Schrimpf of Round Lake Beach will be secretary; Mayor Ed Tomkowiak of Wadsworth has been named treasurer; and Mayor Ratch of Lindenhurst will be the new sergeant at arms.

In addition to the officers, the following individuals have been appointed to the Board of Directors: Mayor Walter R. Clarke, Jr. of North Barrington; County Board Chairman Norman C. Geary; Mayor Francis Meier of Fox Lake; Elaine Palmer of Green Oaks; Mayor Daniel M. Pierce of Highland Park; and Mayor

Robert Wilton of Antioch.

Welton also announced the appointment of the municipal representatives to the County-Municipal Cooperative Planning Committee. The Municipal League and the County Board will each appoint one representative from each County Board Dist., and the membership of the Municipal League approved the appointment of the following mayors: Dist. 1 - Marshall Strenger, Lake Forest; Dist. 2 - David Graf, Lake Bluff; Dist. 3 - Ed Tomkowiak, Wadsworth; Dist. 4 - Marvin Smith, Grayslake; Dist. 5 - Richard Welton, Gurnee; Dist. 6 - James P. Keagle, Sr., Wauconda.

Welton indicated that the League representatives are very enthusiastic about the County-Municipal Cooperative Planning Committee and are looking forward to working with the county representatives on those matters of regional impact.

# Studying impact fees Politically Speaking

If imposition of impact fees is the answer for beleaguered taxing bodies struggling to keep up with the problems of growth and development, many questions have to be answered and many different constituencies have to be satisfied.

Sorting out the pros and cons of the impact fee concept is the goal of a 12-member Avon Township task force. Taxing bodies all over the state will be indebted if the group can come up with a workable solution to the complex impact fee proposition.

Grayslake Mayor Marvin Smith, who appointed the ad hoc group, decided it would be advantageous to look at impact fees beyond Grayslake's corporate boundary to provide a unified approach. That makes sense. Smith charged the committee to arrive at a fair, equitable and legally defensible system.

How far can taxing bodies go? Smith wonders. And with good reason.

Developers and builders look upon impact fees as an instrument of the devil. There is a serious question about the legality of impact fees. This is the reason Lake County is going slow on authority granted by the state to impose impact fees for transportation purposes.

There is widespread agreement that school/park donation ordinances now on the books of every progressive municipality are inadequate, particularly in rapid urbanizing areas. Donations of land or a cash equivalency fall far short of the demand put on maintaining suitable infrastructure imposed by rapid growth and development. Open space and anti-growth advocates argue that growth doesn't pay its own way. Clearly, a fair, properly administered impact fee is in the interest of developers as well as everyone.

The Avon Township task force can provide a tremendous service. We wish its members well and look forward to the results of their study.

Gary MacDougal

Lynn Martin

Robert Churchill

by JOSEPH SOULAK  
Lakeland Newspapers

Of the many political exploratory committees at work while the rest of us eat, sleep and do our thing is doing its thing for Gary E. MacDougal. This Chicago Republican wants the job of Paul Simon (D-Illinois) in the U. S. Senate.

MacDougal has a long list of business credentials. He takes credit for building Skokie-based Mark Controls Corp. from a \$15 million to \$280 million company and ranking as a Fortune 1,000 corporation. He also sits on the board of United Parcel Service.

"Replace a career politician with an entrepreneur," his literature says.

In last year's presidential bid he was senior advisor and assistant Bush campaign manager to Lee Atwater.

"Gary MacDougal will work morning, noon and night to defeat Paul Simon," his literature promises.

MacDougal says he is not only an entrepreneur, he is a problem solver, Navy veteran and engineer who worked his way through school.

"Self made man. Voters are looking for fresh faces with new ideas," he adds.

\*\*\*\*\*

Another person looking for Paul Simon's U.S. Senate seat is five-term Congressman Lynn Martin of Loves Park.

Her exploratory committee, chaired by Chicagoan Patrick Daly, is "assessing the issues, financial resources and Simon's perceived vulnerabilities."

The committee is not simply looking at whether "I should be the candidate of the Republican party," Martin said, "but will consider a much bigger issue: What kind of senator can best move with our state into the 21st Century."

Martin has never lost an election since her first one for the Winnebago County Board in 1972.

Martin is a close personal friend of George Bush, often spending an evening or two at the Bush residence while he was vice president and a little less time at the White House now that he is president.

If both MacDougal and Martin decide to go for it, Bush could have a difficult choice.

\*\*\*\*\*

In his official biography, state Rep. Robert Churchill (R-Lake Villa) of the 62nd Dist., lists his many offices and accomplishments. Among these is serving as House Minority Whip. He goes on to say he is a third generation attorney in a Grayslake law firm started by his grandfather in 1903.

Under personal data the bio says: "Enjoys all sports; reading, flying, traveling, theater and art, but has no time for any of them."

## Getting better and better

Announcement that a 260-bed center for Alzheimer's disease patients will be established near Gurnee in Warren Township is further evidence that Lake County ranks high on any list for premier health care facilities.

To be operated by the Ashley Group Inc. of Glenview in cooperation with Evangelical Health Systems of Oak Brook, the 20-acre Washington St. site will be the nation's largest of its kind.

The Alzheimer's center will join a local health care network that includes a medical

school, outstanding local hospitals, worldwide pharmaceutical and hospital product manufacturers, more than adequate supply of clinics and abundant number of professionals.

Lake County is world renowned for health care. From a point of future growth and development, things will only get better because of the nature of the health industry to cluster and thrive on supportive units. If illness comes, you're living in the right place to get the best possible care.

## Letters To The Editor

### Real issues ignored

Editor:

I have read with some amazement the recent letters to the editor regarding myself and the recent tax issues in the Warren Township grade schools. These letters only confirm my belief that not all squirrels have four legs.

It seems to be the policy of the pro tax constituency to attack certain individuals and not the real issues involved. I suggest that these people who are so much for increasing the taxes to the schools just go ahead and send to the schools their portions of the tax increases to show their good faith. That's not how it works in America. We all should pay our fair share, as decided upon by the electorate, "The Ballot Box." Oh yes, the Ballot Box - that nasty little exercise that the public taxing body must contend with before they take our money. What has been the reaction of the Woodland School? Try, try and try again. But the voters have said no each time. If the tax referendum that they have been proposing passes, I wonder if the school would give three chances again to repeal the increase?

I am not against good schools and good education. I think that I have proved that at the Warren Township High School. I am against inefficiency, waste, mismanagement and misinformation.

Esper A. Petersen  
Warren Township

### Prejudice against dogs

Editor:

We have come to the conclusion that Lake County is detrimental to our mental as well as physical health. Lake County is prejudiced against dog owners, thinks threats against a dog's life (high-priced, proven show dogs, mind you) are in the realm of "prank phone calls." Lake County's beliefs are certainly harmful and, in turn, injurious to the mental and physical health of our children.

Neighbors will be pleased to know we are moving out of this county, but will in due course tell everyone we can of the treatment (guilty until proven innocent) we have received at the hands of the Lake County Sheriff's Police and the "law

enforcement officer," who in true fact is only an animal control person.

Be warned, Man's Best Friend is in dire trouble in Lake County, as are the rights to due process of the law. Our children are non-entities who are allowed to be tormented, intimidated and threatened by neighbors with no recourse. After all, it's an adult's word against that of a minor's. Harassment of neighbors is fine as long as the complaining, harassing party has no dogs. No thank you, Lake County, you are certainly not a county where I want to raise my children, my show dogs, or spend any more part of my life under such biased, prejudicial and unjust conditions and accusations.

R. Chris Welker  
Wauconda

### Empire Builders scary

Editor:

After observing what occurred in the last local elections, I firmly believed that F.F. "Mike" Graham was indeed "set up" by the Empire Builders not to mess with them. That scares me!

That the FBI and the U.S. attorney's office in Chicago may be involved in this scares me the most!

These tactics would serve to deter our local and county representatives from letting the people know what is going on. These tactics also serve to scare ordinary citizens from exercising our "freedom of speech" guaranteed us by the United States Constitution.

Raymond Lacroix  
Grayslake

## Letters Invited

Letters to the editor are welcome. They should be on topics of general interest, approximately 250 words or less. All letters must be signed, and contain home address and telephone number. The editor reserves the right to condense all letters.

## Viewpoint

### Paper's good anywhere, even the barnyard

by BILL SCHROEDER

Newspaper editors for years have winced when detractors scornfully describe their journalistic efforts as fit for "only the bottom of the bird cage."

Wonder how the news fraternity feels now that shredded newspaper is being assigned to the barnyard? It's cheaper and cleaner than straw—and much more absorbent. Press critics of the world, you've got new ammunition to hurl!

Wisconsin farmers are enjoying great results using shredded newspaper for animal bedding. Straw has gotten awfully expensive, about \$75 per ton. Newspaper is non-toxic. Paper decomposes nicely. A unit of paper bedding lasts longer than the same weight of straw. A livestock agent pointed out that shredded paper is healthier for hogs because it doesn't mold and there is no dust.

A Canadian farmer reportedly has rigged up a portable forage chopper that can be pushed down the barn alley, bedding 100 stalls in about 10 to 15 minutes.

Personally, I'm honored by this news. An editor's job is to sponge up news and information and "wring it out" in the columns of his paper for the benefit of readers. It only stands to reason that used newspaper can be employed to sponge up other stuff. I've never been detracted by bird cage epithets. Canary owners are very loyal subscribers. It's OK with me if they love this newspaper along with their feathered friends. Right on, farmers of America!

The future of the American newspaper industry is secure now that one more important way has been discovered to make good use of the newspaper.

## BUSINESS BRIEFS

## Zion

American Intl. Hospital, has won three national and three state advertising awards. The awards were part of annual contests of the Natl. Healthcare Marketing Society and the Ill. Hospital Public Relations Society. AIH won a silver trophy and two merit awards in the Natl. Healthcare Advertising Award Contest, sponsored by the Healthcare Marketing Report. The silver award was given for the logo 'Celebrate Life,' a cancer patient reunion for patients who survived five years or more since their first visit to AIH. Kurt Walbrandt, marketing coordinator for AIH, designed the logo. AIH also won three certificates from the Ill. Hospital Communications Awards Program. These were for an oncology brochure, a hospital video and a M.A.S.H. Cancer Awareness and Prevention Fair.

## Antioch

Antioch Manor North, a community of single-family detached homes starting at \$96,900 which were developed by Properties Unlimited, will be holding its grand opening celebration on Saturday, June 17 and Sunday, June 18. Completed models will be available for touring and a Las Vegas trip for two will be given to purchases made prior to June 17. For more information, call (312) 360-9700.

## Lake County

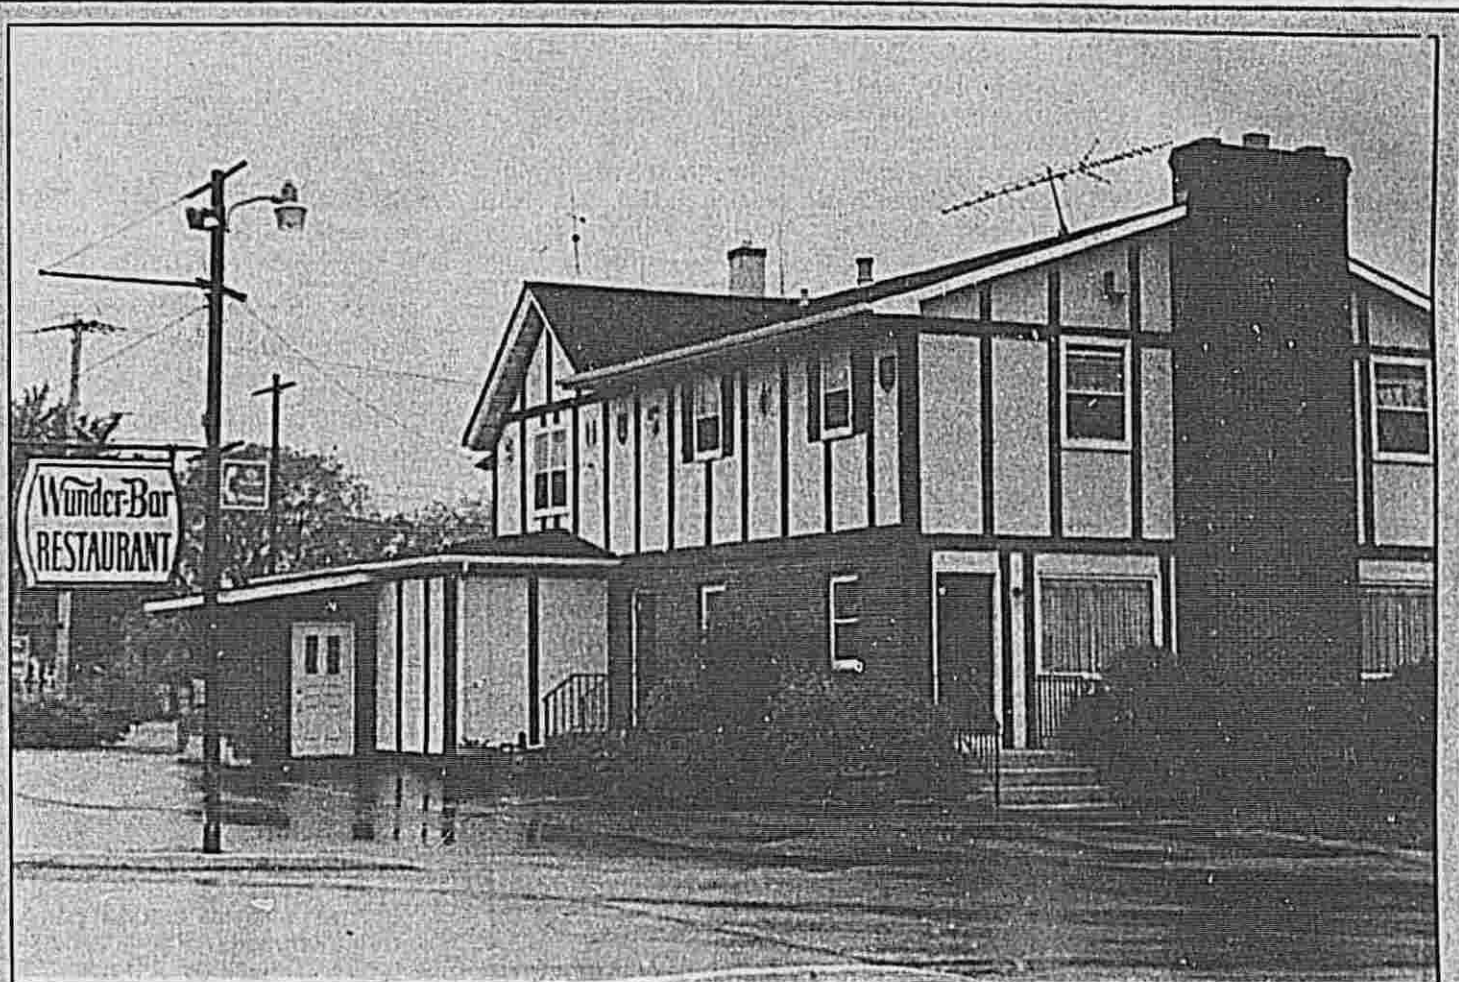

Century 21 of Northern Illinois will participate in Century 21 American Home Buyer Days scheduled for June 3-11. The 328 Century 21 offices across Northern Illinois will distribute copies of the new Home Buyer's Guide, which offers information, worksheets and guidelines for anyone contemplating the purchase of a home, at the hundreds of open houses planned. "The beauty of this guide is that it fits the needs of someone who has never gone through the experience of buying a home. At the same time, it refreshes the memory of any empty-nester looking to make a move," said Roger Peake, regional director.

## Lake Zurich

Marilyn Blazek of Blazeks Home Furnishings in Lake Zurich, has been named runner-up in *Window Fashions Magazine's* design competition and has had her winning room featured in the publication. Blazek has been working for 15 years in the areas of room design, furnishings and window treatments. She says she works closely with each client to create an individual, functional and attractive room setting.

## Libertyville

North Shore Gas is reminding residential customers that now is the time to enroll in the Budget Payment Plan. Intended to help residential users avoid higher winter heating bills, the Budget Payment Plan determines a customer's annual gas usage and divides that amount into equal monthly installments. In addition, the utility pays interest—currently at an annual rate of 8.5 percent—on any credit balances in the budget accounts. To sign up for the payment plan, call (312) 336-7400.

## Great food

The Wunder Bar Restaurant in Antioch, noted for its Bavarian atmosphere and delicious German cuisine, has been run by its current owners, Erwin and Mary Gaa, for 12 years. Born in Heidelberg, Erwin received his chef's training in West Germany.—Photo by J. Michael Jordan.

## Wunder Bar menu, owners aim to please

by BECKY JOHNS  
Lakeland Newspapers

The first thing a customer notices upon entering Wunder Bar, a German-American restaurant one mile south of Antioch on Rte. 83 is the *dirndl*, or Bavarian costume, of its waitresses.

The second thing is the menu. Boasting such German favorites as wiener schnitzel and sauerbraten, as well as American dishes like strip steak and broiled fish, the menu aims to please as do the owners, Erwin and Mary Gaa.

"What works for us is a combination of German and American food," said Erwin.

Born in Heidelberg, West Germany,

Erwin served a three-year chef apprenticeship at the Piernsens School, a school run by the West German government through private business. There he was tested every six months on his knowledge of cooking.

"We got very little money, but we were taught a lot," Erwin said.

In 1972, he ventured to America. "I was young and adventurous," he says. "I saw business opportunities."

After the Gaas were married in 1977, they purchased what was then the Golden Ochs Tavern, owned by Cathy and Herman Ochs. "We liked the area," said Mary.

"The tavern was small when we bought it," said Erwin. "We did not have a lot of help, and we worked a lot of hours."

Eventually, the Gaas were able to add on to the kitchen and the dining room.

"(I think) our customers come back because they like it," stated Mary. "We have a different special every day."

Erwin believes the restaurant business is "different."

"There are lots of long hours," he said. "The customers expect you to be here."

Mary concluded, "I can't imagine what we'd do without the restaurant."

## Mills developer chooses design firms

Two internationally renown firms have been chosen for the interior and architectural design of Gurnee Mills, the 2,000,000 square foot super regional specialty mall being built at the Northwest corner of I-94 and Rt. 132 (Grand Ave.) in Gurnee.

Communication Arts, Inc. of Boulder, Colo., a full service firm active in retail and commercial space design, has been chosen by Western Development Corporation as the interior graphic arts designer for the Gurnee Mills project.

Cambridge Seven Associates, Inc. of Cambridge, Mass. has been chosen as the Architect for the Gurnee Mills project.

Arquitectonica, a nationally renowned architectural firm, performed the initial design and modeling work for Gurnee Mills and continues to work on other Western Development Corporation projects.

"Cambridge Seven Associates and Communication Arts will work closely together to ensure an innovative, aesthetically pleasing appearance for Gurnee Mills which will blend well with the area's environmental features," stated Steve Jacobsen, Western Development Corpora-

tion's development director for Gurnee Mills.

Gurnee Mills will contain approxi-

mately eight anchor tenants and over 200 value oriented stores. The mall is scheduled to open in the Spring of 1991.

## Unitrex database assists small export businesses

Small businesses and manufacturers in the Chicago area can get free advice and information on exporting their products through a new, computerized information service at the Univ. of Illinois at Chicago (UIC).

The database, called "Unitrex" is one of several export assistance programs offered by UIC's newly-formed International Business Development Program (IBDP), which serves as a central clearinghouse for export

information and assistance that promotes economic growth in Illinois by helping smaller manufacturers identify and compete in overseas markets.

Unitrex is an on-line database containing more than 3,000 entries listing resources like consulting firms or government agencies that can aid small and mid-sized companies.

Only 60 percent of the estimated 3,400 Illinois firms that export do so more than twice a year, says

IBDP director Garry Van Wagenen. With 95 percent of the world's population and two-thirds of its purchasing power located outside the United States, export markets represent an excellent and often-lucrative opportunity for area manufacturers and some service providers, he said.

The IBDP has targeted metropolitan area firms, particularly "underexporters" and companies new to exporting, with a variety of programs, including (Continued on page 14)

# Computerized

(Continued from page 13)  
Unitrex, Van Wagenen said.

Unitrex can customize responses to the individual needs of users, whether "mom and pop" operations or firms with 500 employees. Simple, on-screen directions make the program user-friendly.

It can be accessed via modem and computer by calling (312)996-8920. Callers can obtain:

Names, addresses and telephone numbers for freight forwarders, export management companies, consulting firms, banks, law firms, government agencies, books and publications that deal in export services and information.

Country-specific market

and economic analyses and other resources on culture, customs and business habits overseas.

Daily trade leads designated by four-digit Standard Industrial Code reference.

A planned electronic bulletin board will keep users informed of meetings and other events around the state related to international trade, Van Wagenen said.

The IBDP is funded by a grant from the U.S. Dept. of Education and works in partnership with Harold Washington (formerly Loop) College, and the College of DuPage, located in Glen Ellyn.

Van Wagenen, associate director Wendy Siegel and IBDP staff regularly contact

and visit smaller businesses, encouraging exporting through a market-driven approach that matches overseas trade leads with local producers. The staff also offers follow-up to the on-line trade leads generated by Unitrex and provides technical assistance, export planning and referral services, including an initial assessment of export readiness that can help smaller firms identify potential strengths and weaknesses. IBDP personnel present a variety of seminars, conferences and other educational activities for potential exporters.

For more information on Unitrex call Van Wagenen or Siegel at (312)996-8871.

**Kenneth James**

Kenneth T. James of Libertyville, has been elected to the position of executive vice president and chief operating officer for Rauland-Borg Corp., Skokie. He will assume his new responsibilities immediately. James joined Rauland-Borg in 1972 and has served in several management capacities over the past 17 years. In 1987, he was promoted to senior vice president responsible for all sales, marketing, research and development engineering activities for Rauland. In 1981, he was appointed vice president of sales and marketing after serving as a vice president and co-owner of a Rauland distributor specializing in sound equipment.

**Charles Fornero**

Charles D. Fornero, formerly executive vice president and chief executive officer of the Lake County Board of Realtors, has joined the Law Offices of Rudolph F. Magna as an associate resident in its Gurnee offices, located in the Grand Mills Plaza, 4949 Grand Ave. Fornero, a graduate of the Univ. of Illinois and the John Marshall Law School, will concentrate his practice in Real Estate Law. The areas of practice of the Law Offices of Rudolph F. Magna, in addition to Real Estate Law are: Municipal Corps. and Municipal Prosecutions, Personal Injury, Accident Cases, Corporate Law, Traffic Matters, Bankruptcy, and Probate and Estate Admin.

**Larry O'Hara**

The Board of Directors of Wauconda National Bank & Trust Co., has appointed Larry W. O'Hara as marketing officer of the bank. O'Hara will be responsible for advertising, public relations, product development and employee training. Wauconda National is a \$72 million community bank and is a member bank of the Northern Ill. Financial Corp. O'Hara, formerly of Quincy, is a 1978 graduate of Quincy Senior High School. He attended Judson College and studied accounting at Quincy College. He is currently a member of the Central Ill. Bank Marketing Assn., the National Bank Marketing Assn., and the Wauconda Chamber of Commerce Retail Committee.

**Kayoko Rohan**

Kayoko Rohan of Deerfield, has been promoted to vice president of H.F. Rothschild Co. Rohan joined the firm in 1985. A native of Hiroshima, Japan, she is a 1967 graduate of Sophia Univ., a Jesuit school in Tokyo, where she majored in English. A specialist in providing real estate services to Japanese clients, Rohan's clients include Komatsu Forklift, NGK Spark Plugs (USA), Inc., Mitsui Trust & Banking Co., Ltd., Richo Corp., the Saitama Bank, Ltd., Sanyo Fisher Corp., and Yamato Transport, USA Inc. Rohan is a member of the Japan America Society and the Japanese Chamber of Commerce in Chicago. She and her husband, Kerry, and their three children, Christine, Kieran and Caroline, live in Deerfield.

## Business Watch

The Northern Illinois Industrial Assn. will present a program on controlling salary costs through job evaluation on Thursday, June 15, at 8:30 a.m. at the Sheraton-North Shore Inn, Northbrook. Breakfast will begin at 8 a.m. Ray McAlpin, managing partner of Mazza & McAlpin Personnel Consultants will speak. For more information, call (312) 498-6640.

The YWCA of Lake County will hold the women of achievement luncheon at 11:30 a.m. to 1:30 p.m. on Thursday, July 13 at the Country Squire Restaurant in Grayslake. The luncheon is being held in the memory of Lilace Reid Barnes of Lake Forest. Reservations may be made by calling Mary Relfie at (312) 662-4247 by June 23. The YWCA will be accepting nominations for outstanding women of Lake County in business, professions, elimination of racism, corporate training and development, human service, public service, education, homemaking, volunteering, overcoming obstacles. Nominations must be submitted by June 16 to the YWCA, 1900 Grand Ave., Waukegan.

Sears Discovery Workshops covering posture, modeling, exercise and nutrition, hair and skin care, makeup application, wardrobe planning and etiquette will begin June 3 at the Hawthorn Mall in Vernon Hills. Pre-teen, teen and women's workshops will be held separately. For more information or to register, call Dee Ryan, at (312) 367-1500, ext. 302.

to comply, to the greatest extent feasible, with all Section 3 regulations pertaining to provision of opportunities for training and employment to lower income residents of the project area and to the provision that contracts for work in connection with the project be awarded to business concerns located in, or owned in substantial part by, persons residing in the area of the project.

Not less than the prevailing rate of wages as found by the Round Lake Area Park District or the Department of Labor or determined by the Court or Review shall be paid to all laborers, workmen, and mechanics performing work under this contract.

All proposals must be accompanied by a bid bond, certified check, bank-cashier's check, or bank draft, payable to the Round Lake Area Park District for five percent of the amount of the bid as provided in the

Instructions to Bidders.

Any contract or contracts awarded under this Invitation for Bids are expected to be funded in part or through the HUD program for Community Development Block Grants. Neither the County of Lake, nor HUD will be a party to this Invitation for Bids or any resulting contract.

The Round Lake Area Park District reserves the right to defer acceptance of any proposal for a period not to exceed thirty (30) calendar days after the date bids are to be received and to reject any or all proposals, and to waive technicalities.

## Film Review

A glance at the list of soon to be re-released summer films might look a lot like the "TV Guide," all repeats. Not so, these are what Hollywood calls sequels, these include another go-around for "Freddie" and "Star Trek" lovers.

The best bets to repeat as summer blockbusters are "Ghostbusters II," with that "Saturday Night Live Group," the re-pairing of Mel Gibson and Danny Glover in "Lethal Weapon II" and "Indiana Jones and the Last Crusade."

The chubby guy and the guy with the receding hairline, that love to sit in theater balconies, weren't thrilled with this one saying it's just more of the same old stuff.

This reviewer enjoyed the pictured just as much as "Raiders of the Lost Ark." For once we have a sequel that is equal to No. 1.

Loved all the action chases, etc. that "Indy" is famous for, but the best part of this one is the ingenious pairing of "old" 007 and Harrison Ford.

This Sean Connery, who plays Indy's father, has no resemblance whatsoever to the "Goldfinger" star, just another notch in the Academy Award winner's belt.

This four-star film has already broken box office records in its opening week. For a change we have a sequel that leaves viewers begging for more.

## Be there

On June 10 and 11, a short drive to the Antique Village and Museum in Union, Ill., just off of Rte. 20 and the Marengo exit, will bring music lovers to the Antique Music Fair.

Relic phonographs, music boxes, records and sheet music can be just enjoyed, bought or sold.

Calling all Laurel and Hardy buffs! The Cadlow Theater on Main St. in Barrington will present a Laurel and Hardy Celebration Film Festival from 2 to 4:30 p.m., on Sunday, June 25. Tickets are now on sale at the theater.

This Saturday and Sunday, the Coppelia Ballet Gala will have two performances by the Twin Cities Ballet Co., at 2 and 8 p.m. at the Woodstock Opera House.

If the twangy sounds of good guitar and banjo music are one's druthers, John McEuen, banjo and guitar specialist, along with the legend of the fiddle, Vassar Clements, will be making their first appearance together at 8 p.m., on Saturday, June 10 also on the stage of the Woodstock Opera House.

In the Carousel Cafe of the Barn of Barrington, now a top comedy shop, Mike Toomey, Dick Logic and Diane Burrough will be emceed by Harry Teinowitz, while at the Funny Bone in Schaumburg, A. J. Lentini, Warren Thomas and Michael Alexander will be doing the uckling.

## Idol opens show biz door

BY GLORIA DAVIS  
Entertainment editor

More than 10 years after his death, Elvis imitators are still popular and more than plentiful.

But Lake County has produced one of the most unusual ones in Linda Jones, Gurnee, who works at Anchor Glass when she's not dressed like Elvis and writhing and wriggling before an appreciative audience.

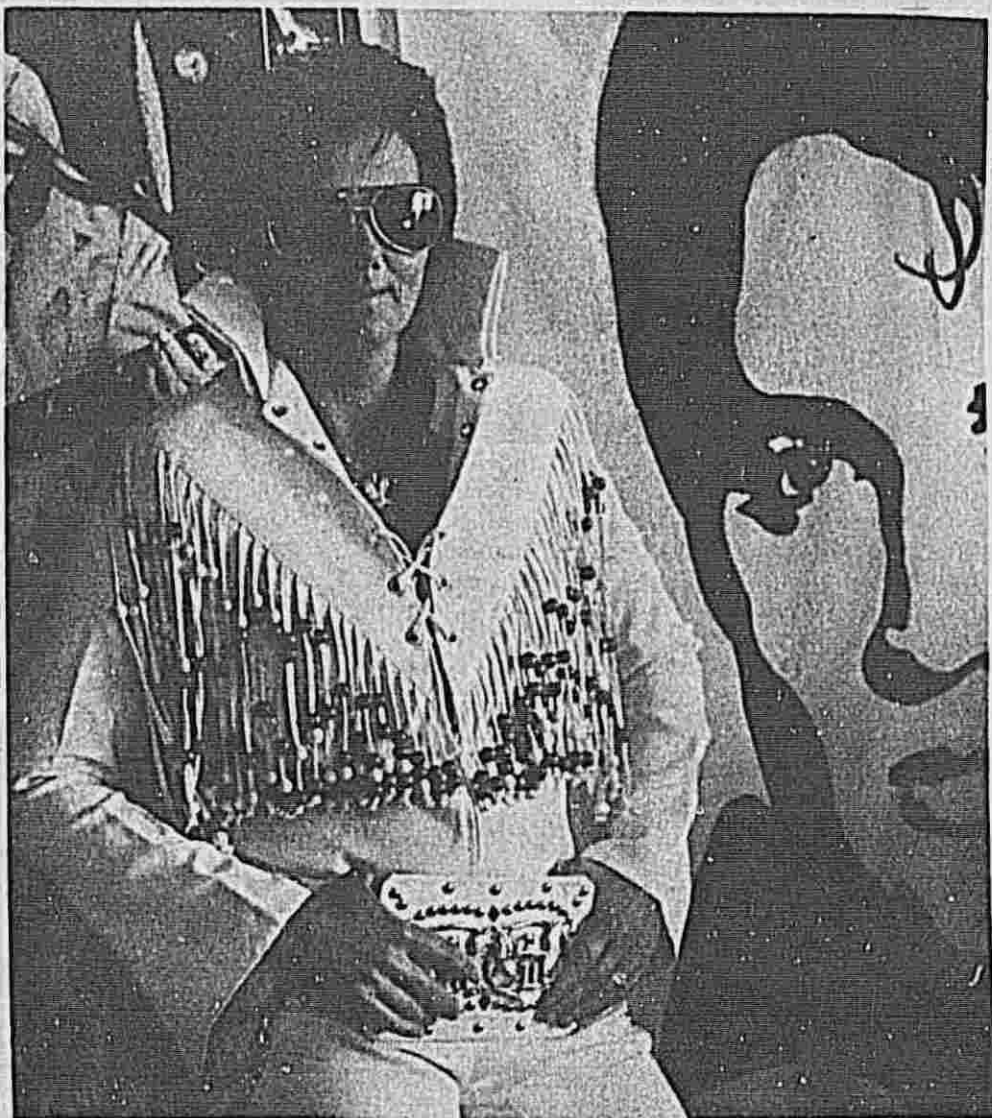

Linda came to Lake County 17 years ago from Waterloo, Ia. Having been a teenager when the real Elvis was at the height of his popularity, he was always her idol and she soon found out that her physical resemblance to him was her ticket to show business.

Wearing her very black hair in a DA cut, making good use of her strong bone structure and slender build, Linda has all of Elvis' well-known movements down pat as she lip syncs to tapes of his classic hit songs.

It was a 1986 appearance on the Oprah Winfrey show that gave her Elvis career a big boost and since then she has appeared at many local night spots.

Jones, whose picture was in the weekly gossip tabloid "The Star," available at grocery store counters nationwide, will be featured in a 45-minute Elvis show on Milwaukee CABLE which will also be aired on the Jones CABLE system.

All her extra time is being spent on sprucing-up her glitzy Elvis jumpsuits, checking her black leather outfit to see that her energetic stage collapses haven't split any of the seams and polishing her authentic Elvis belt buckles and her aviator sunglasses so she's ready when the curtain on her own personal salute to her show business idol goes up again.

## Jones as Elvis

Linda Jones of Gurnee poses with picture of her idol, Elvis Presley. She is only female Elvis impersonator around and her show business career is zooming. — Photo by Steve Peterson

## Lambs builds 18-hole golf course

Lambs Farm, a non-profit residential and vocational center for mentally retarded adults, is adding an 18-hole miniature golf course to its existing business operations. More than 180 mentally retarded adults work in Lambs' shops which attract over 300,000 visitors annually.

Scheduled to open this summer, Pet

and Putt will create several new jobs for Lambs' participants. This project was made possible by many corporations which donate \$5,000 to The Lambs for sponsorship of a hole on the mini course. Sponsor names and logos will appear individually on each golf hole and on a plaque in the Pet and Putt Club House.

Sponsors include Abbott Laboratories, Allstate, Arthur Andersen & Co., Biasco Musical Instrument Co., Chicago and

Northwestern Transportation Co., Chicago Tribune Charities, Hollister Inc., Illinois Bell, Jewel/Osco, John Morton Co., Kemper Group, McDonald's, the Popcorn Factory, Stein and Co. and Walgreens.

Lambs Farm is located at I-94 and Rte. 176 in Libertyville. Corporations interested in permanent sponsorship of Lambs' Miniature Golf Course can contact The Lambs' Development and Public Affairs Office at (312)363-4636.

Seeking  
art, craft  
exhibitors

A special invitation is extended to qualified area artists and craftspeople to be among the exhibitors in the Summer Arts & Crafts Expressions to be presented by American Society of Artists, a national membership organization, at Cadwell's Corners, Lake-Cook and Waukegan Rds., Deerfield, Saturday and Sunday, July 22 and 23.

Potential exhibitors in this juried show need to submit four slides or photographs of work representative of that which they wish to exhibit, one slide or photograph of their display set-up, a self-addressed, stamped, business-size envelope, resume/show listing is also helpful.

Art in Action will be included in the show with some of the exhibitors working and demonstrating during the show. Programs will be available free of charge listing the exhibitors, their media and showing their location in the show.

Additional information may be obtained from American Society of Artists, P.O. Box 1326, Palatine, IL. 60078 or calling (312)991-4748.

## Guild celebrates 10th

The Lake County Chapter of the American Needlepoint Guild is celebrating its 10th year with an exhibit of guild member's works. The exhibit will tour five libraries in the north suburban area.

The Lake County Chapter supports the National Guild objective of "education and cultural development of the art of canvas embroidery (needlepoint) through the

participation of meetings, classes and exhibits."

Projects vary from exploration of a single stitch or fiber to larger projects suitable for finishing into pillows, bellpulls and framed art.

A guild membership includes a subscription to Needlepointers magazine, a national bi-monthly source on teachers, new techniques, and newly published books.

Meetings are held on the third Monday of the month (except July, August and December) at 7:30 p.m. on the lower level of the Cook Memorial Library, 413 N. Milwaukee Ave., Libertyville. Visitors are encouraged to attend one meeting with no guest fee. All levels of stitchers are welcome.

The June tour will be held at Indian Trails Public Library, 355 S. Schoenbeck Rd., Wheeling and in July at Vernon Area Public Library, 23184 N. Indian Creek Rd., Prairie View.

For a class schedule or more information on the guild and actual exhibit dates call (312)215-0468.

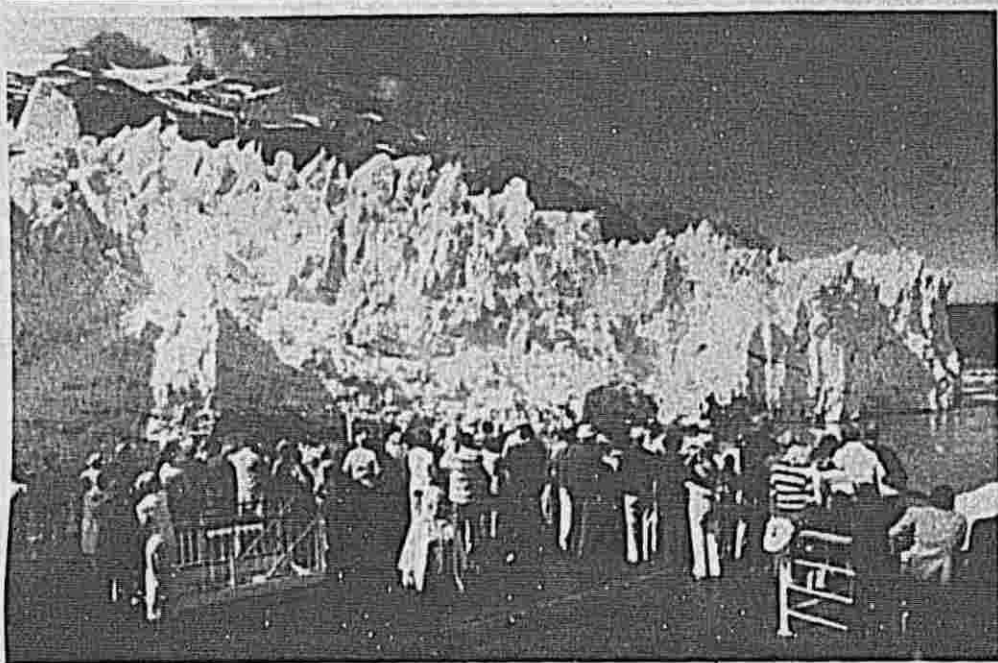

Moliere set  
for center

The Jack Benny Center for the Arts will offer Moliere's "The School for Wives," June 16, 17, 23 and 24 at 8 p.m. and June 18 and 25 at 7 p.m. in Goodfellow Hall, Bowen Park, 39 Jack Benny Dr., just off N. Sheridan Rd. in Waukegan.

A regional cast directed by Ken Smouse will present this new production by the Bowen Park Theatre Co.

Tickets are \$10 and \$7 and may be purchased by calling the Penny Center at (312)244-1660 with your visa or mastercard number.

Alaskan Cruise

## Cruise discount over June 15

by DENNIS and  
MARY O'BRIEN

Passengers signing on for Lakeland Newspapers' Cruise to Alaska can save from \$200 to \$260 per cabin by making a deposit before June 15.

The special Lakeland group rates—rates so low that the cruise line will not allow us to print them in the paper—will continue after that date, but we urge you to sign up now for the best possible bargains.

The Costa Daphne, the cruise world's "little jewel,"

is well known for both comfort and class. Huge staterooms, nightly entertainment, marvelous food, lovingly prepared and beautifully served, an outstanding staff and crew—it's like

sailing on your own private yacht!

Only 420 passengers can be aboard when the Daphne sails on Sept. 15. Call (312)729-5077 for brochure, price and information.

## Alaska after the oil spill

by JIM WARNKEN, PRESIDENT  
NORTH STAR TRAVEL, INC.

With our recent move to Lindenhurst, time did not allow me to visit Alaska to investigate the results of the recent oil spill. I did, however, have no problem in convincing our assistant manager, Debbie, to take a trip up north and report her findings so we could give our readers the real story.

Debbie flew into Anchorage to begin her journey by bus to Valdez, the site of the disaster. Along the way Debbie was treated the sight of Mt. McKinley on a clear day, along with a couple of moose.

Arriving in Valdez, Debbie searched the waterfront for any signs of oil damage. There was none to be found.

It was time to venture out into Columbia Bay to continue her search. About all she found were friendly sea otters, a bald eagle who liked to have his picture taken, a school of killer whales and dozens of other forms of wildlife. None showed the least sign of encountering any oil.

The captain of the boat which Debbie chartered had some insight. It seems that while the oil spill was indeed a disaster to a small part of the Alaskan shoreline, the folks in the "Lower 48" can't comprehend the enormity of Alaska. Alaska's coastline is much longer than that of the entire United States!

Picture an oil spill in Miami. If you were planning to visit Boston, you wouldn't find any seagulls covered with 30-weight!

Luckily, at least for the average tourist, the oil spill has come ashore in an area that is inaccessible by any major road and a long way from any cruise port.

About the only place a visitor might find any sign of the spill is if you plan on visiting a couple of very remote fishing resorts on Columbia Bay.

By the way, do you know how many Exxon ship captains it takes to pilot an oil tanker? One and a fifth.

## Wisconsin balloon rally in 14th year, June 3-4

The Great Wisconsin Dells Balloon Rally will celebrate its 14th anniversary June 3-4, complete with hot air balloon competition, championship lumberjack shows and a sky diving exhibition.

All activities will kick off Saturday morning with a sunrise breakfast at the balloon rally site followed by the first of three scheduled lift-offs at 6:30 a.m.

Get ready for exciting lumberjack competition when the Scheer's Lumberjack Show of Champions put on one of the most entertaining athletic events native to Wisconsin at 1 and 4 p.m.

Spectators will turn their sights skyward at 2:30 p.m. for a sky diving exhibition by the South Central Wisconsin Sky Diving Team. This group is sky divers thrill audiences with their free fall maneuvers and pinpoint landings.

A magnificent kaleidoscope of color

will envelope the launch site at 6 p.m. on Saturday for the "mass ascension," whereby all 90 hot air balloons participating in the rally will lift off within minutes of each other.

The mass ascension is touted as the "most spectacular display of color and aerial beauty" by event organizers.

Sunday morning will again kick off with a sunrise breakfast at 6 a.m. and the final balloon launch at 6:30 a.m.

Balloon rally visitors will find the Wisconsin Dells area's 63 family attractions in full operation throughout the weekend, complemented by an array of fine dining establishments and lodging availability.

For more information on the Great Wisconsin Dells Balloon Rally contact the Wisconsin Dells Visitor & Convention Bureau toll-free at 1-800-22-DELLS.

## Lakeland's WEEKEND/LEISURE

### New Horizons seminar

New Horizons, a counseling organization, will present a seminar from 9:30 a.m. to 2:30 p.m. on Saturday, June 3, at Interlaken, Lake Geneva. The title, "Take Charge of Your Happiness," will focus on encouraging self-empowerment. Through activities and discussions the seminar's thrust is to activate the participants to make positive changes. The cost is \$39, including lunch. Advanced registration is necessary and can be made by calling (414)886-3710 afternoons or (414)634-1647 evenings.

### Sailing and Seamanship offered

Sailing and Seamanship will be offered at the College of Lake County, Grayslake at 7:30 p.m. on Wednesday, June 7. This course covers basic sailboat handling, rigging, wind, weather, marlinpike and boating safety. Register through the CLC between 10 a.m. and 2 p.m. or from 4 to 8 p.m. For more information call (312)223-3616.

### Volunteer orientation meeting

Share talent, interests and life experiences with a child from a single parent home in Lake County by becoming a volunteer for the Big Brothers/Big Sisters of Lake County. Learn more about the program at the volunteer orientation meeting from 6 to 8 p.m. on Tuesday, June 6, at the BB/BS office, 4213 Grove Ave., Gurnee. For more information call (312)360-0770.

### Gem arts and crafts sale

The Lake County Gem and Mineral Society and the Racine, Wis. Geological Society are co-sponsoring the RKW Gem Arts and Crafts sale on Saturday and Sunday, June 3 and 4, at the Racine County Fairgrounds in Union Grove, Wis. Admission is free. Participants can buy, sell, trade gems, jewelry, minerals, rocks and crafts. For further information call (312)223-4145.

### Special Toddler meeting

Lake County La Leche groups will be hosting a special Toddler meeting from 10 a.m. to noon on Monday, June 5. Topics will include potty training, weaning, night-time parenting, discipline, and more. Call (312)223-0963 or (312)223-2437 (evenings) or (312)356-5349 for directions and further information.

### Bible study with Rev. Williams

Christian Singles will hold a bible study with Rev. Jim Williams at 7 p.m. on Saturday, June 3 in the Fireside Room, at Calvary Temple, 450 Keller Ave., Waukegan. Refreshments will be served. The Christian Singles group is composed of those who are widowed, divorced or never married. The group is non-denominational and welcomes visitors. For information call Mary P. at (312)689-0770 or Marion S. (312)872-3408.

### Camping trip for young singles

The Catholic Alumni Club is sponsoring a camping trip for single young adults (ages 21 to 38) to Devil's Lake State Park in Baraboo, Wis. on the weekend of June 9 to 11. The club will provide tents, lantern, stoves, food and beverages. Participants need to bring their own sleeping bags. Transportation will be by car pool. The non-member cost is \$48. Reservations are required and a planning meeting will be held a few days before the trip. For more information call (312)726-0735.

### St. Peter's Singles Club

All singles over age 35 are invited to two dances. The Can Dance will be held at 9 p.m. on Friday, June 2 at the Park Ridge VFW Hall, Canfield and Higgins Rd. Admission is \$4 with a can of food or \$5 without. Cans donated to soup kitchen. The second dance will be Saturday, June 3 at 9 p.m. Bunker Hill Country Club, 6635 N. Milwaukee, Niles. Admission is \$4. Live bands and free parking is available at both dances. For further information call (312)334-2589.

### Singles dance and buffet

Town and Country Singles will sponsor a dance with complimentary food buffet at 7 p.m. on Sunday, June 4 at Knicker's Restaurant, 1050 E. Oakton, Des Plaines. This event is open to all singles age 30 and up. Membership or reservations not required. Admission is \$5. There will be a cash bar. For information call (312)459-9248.

### Bowen Park opera opens auditions

The Bowen Park Opera Co. will hold open auditions for its fall productions of Mozart's Bastien and Bastienne and Argento's Miss Havisham's Wedding Night, from 7:30 to 10 p.m. on July 7 and 8. This double bill will be presented the weekends of Sept. 8 and 15. All six performances will be held in Goodfellow Hall at the Benny Center. For further information call Lynn Schornick at (312)244-1660.

EXCELLENT LAKEVIEW  
OVERLOOKING WAUKEGAN HARBOR 34 N. SHERIDAN RD. WGN

*Madison Ave. known as  
the 'Toast of the Town'*

**Just who is J. D. Smith?**

Customers of the Madison Avenue restaurant overlooking Waukegan Harbor have been asking, "Who is J. D. Smith?" This question will be answered on June 2.

Is he the new owner? No, Madison Avenue for 5 years has been, and is still owned by the Eccles family, under whose reputation the tri-leveled restaurant has become the "Toast of the Town."

Then is J. D. Smith the new chef? Again the answer is negative. Chef Carlos still maintains the same high standards required of any dish leaving his kitchen, with the prime rib and seafood dishes the chef's specialties.

Closed only on Thanksgiving and Christmas, Madison Avenue's lunches range from \$4 to \$9 and the dinners are set at a reasonable \$8 to \$16.

It seems that this Smith person is the newest addition to the restaurant's staff. He will be playing the piano for the musical edification of the diners beginning this Friday, June 2.

His sophisticated melodies will add to Madison Avenue's pleasing atmosphere, helping customers to appreciate the restaurant's fine cuisine just that much more.

There will also be a little comedy served with each meal when magician David Kelly does his slight of hand on Thursday, Friday and Saturday nights.

Besides the main diningroom, Madison Avenue offers two cocktail lounges and banquet areas that will seat 150 diners.

For reservations and more information, call (312) 662-6090.

### 'The Nerd' opens

'The Nerd' opens at the PM&L Theatre in Antioch this weekend for a three-weekend run. Kevin Ramsey gets a few swats from Larry Bersie as stage mother, Dee Finley, watches in this romantic farce.

## 'Affair of State'

by TOM WITOM

The concept of dinner-theater, as defined by successful local establishments such as Candlelight and Pheasant Run, is taken a step further by the area's newest such venture, The Set.

At 1743 N. Lincoln in Chicago, The Set bills itself as a gourmet theater. And in this case it's definitely the food, expertly prepared and eloquently presented, that stars.

"An Affair of State," the original play by Robert Benedetti, takes place between each of the seven courses that comprise the meal. It's little more than window dressing, easily upstaged by the vittles.

The cast does its best, but it is impossible to rescue the thin plot involving transfer of a secret treaty, a palace coup and a clandestine drug smuggling operation.

Diners sit at handsomely appointed tables (black, gold-rimmed plates and 11 pieces of silverware).

Appetizers start with a thin slice of tasty duck pate', followed by a ethereal cup of cream of wild mushroom soup, upon whose heels is served a fresh fish of the day (in this case, it was softshell crab).

A dollop of cucumber lime sorbet came as a palate refresher.

Diners have a choice of entree—roast prime rib with bordelaise sauce, scallops gratineed with a light cream sauce, or roast quail with pheasant and cornbread stuffing on tangerine sauce.

The best part of the dinner, which goes on for three hours, followed the salad. Chocolate praline terrine with vanilla, mango and raspberry sauces were the stuff of which dreams are born.

### CRITIC'S CHOICE

While the food merits raves, the problem is the portions are downright skimpy. And, at \$54 a person (drinks extra), it's ridiculous to go home and indulge in two pieces of pizza to satisfy one's appetite!

The Set has a lot of potential. If it can come up with a more entertaining theatrical production and less miserly portions from its kitchen, it should live up to that promise.

June 2, 1989

## LEGAL

Sealed bids will be received by the Village Board of the Village of Lindenhurst until Monday, June 26, 1989, until 3:00 P.M. in the Village Hall, 2301 E. Sand Lake Road, Lindenhurst, Illinois 60046, to provide one (1) Step-Van and one (1) 1-Ton 4WD Dump Truck. Bids will be opened and read aloud during the 8:00 P.M. Regular Meeting of the Village Board on June 26, 1989. Bid packets and specifications are available at the Village Hall.

Bids shall be sealed, addressed to the Village Administrator and marked "Step-Van" and/or "1-Ton 4WD Dump Truck" and vendor identification to appear on the outside of the envelope.

The Village Board reserves the right to reject any and all bids and to make an award on that bid which in its opinion is most advantageous to the Village.

Each bidder by submitting a bid to furnish the above mentioned truck(s), signifies their intention and good faith to enter into a contract with the Village of Lindenhurst should they be awarded the contract.

By Order of the Village Board of the Village of Lindenhurst.

James B. Stevens,  
Village Administrator

# SWOLLEN ANKLES

Two areas of the foot are frequently troubled with swelling. One is the top, toward the outer side just in front of the ankle bone. Some people have a more prominent muscle than others, and are more prone to the swelling that causes bulging skin around the ankle bone. The second area of frequent swelling is below and in front of the ankle bone of some women. The fat pad swells up creating discomfort, especially during a hot, humid summer day. An injury, systemic problems, excessive pronation, overuse of feet while carrying heavy bundles -- all will compound the painful sensitivity of the area. This should signal the need for podiatric examination.

Presented in the interest of better foot care by  
273 Peterson Rd.  
LIBERTYVILLE  
101 Greenleaf Ave.  
GURNEE

## Obituaries

### Jessica L. Franz

age 9 months of Island Lake passed away May 29, 1989 of a long illness.

She was survived by her parents, Randy and Wendy Franz; grandparents Raymond and Marilyn Wickersham and Bob and Betty Franz; great grandparents Herman and Helen Schmidt and Joseph and Norma Franz. She was the fond niece of many aunts and uncles.

Memorial services were at 7:00 p.m. on Wednesday, May 31 at AHLGRIM & SONS FUNERAL HOME, Lake Zurich. Interment private. In lieu of flowers, memorials will be appreciated.

### Henry A. Piotrowski

age 80, of Zion, Illinois and formerly of West Miltmore passed away Wednesday, May 24, 1989 at Victory Memorial Hospital in Waukegan.

He was born March 20, 1909 in Amhurst, Wisconsin and has lived in the area the past 40 years. He was one of the original parishioners of Prince of Peace Catholic Church in Lake Villa. He was a school bus driver for the Lake Villa grade school. He has been retired from Fred Olson Motor Service after serving 35 years. He was a past member of the West Miltmore Community Association and was a groundskeeper for the Winchester House in Libertyville.

He is survived by his wife Ardis, his children, Richard (Diane) of Hoffman Estates; Jerry (Betty) of Lindenhurst; Rosanne (John) Toberman, of Spring Grove; and Irene (Jerry) Rogers, of West Miltmore; 8 brothers and sisters also survive. He was a grandfather of Michael, Laurie, Erica Lynn, and Brian Toberman; and Gary Rogers, and Sherry Rogers; and by 1 great granddaughter Christina Marie Rogers.

Funeral services were held Saturday, May 27, 1989 at 8:45 a.m. from Ringa Funeral Home. There was a Mass of Christian Burial at Prince of Peace Church and Interment in Ascension Cemetery in Libertyville.

## DOWNEY

OVERALL DIMENSIONS 31' 0" x 54' 0"  
LIVING 1816 sq. ft. net  
GARAGE 177 sq. ft. net  
COVERED 2073 sq. ft. net

## FLOOR PLAN

209-08 DOWNEY  
By Landmark Designs  
06-21-91

In recent years, the twin plagues of rising real estate and construction costs have joined forces to put home ownership outside the financial reach of many young couples. In response, Landmark has designed a series of five small homes (under 1600 sq. ft.), each as handsome and functional as it is affordable. The Downey is the first in this series.

The Downey packs a great deal into a small, affordable space. It offers features most first-time home-buyers want, including indoor utilities, master suite, kitchen eating bar, pantry and family room.

At its heart, kitchen and family room flow together, separated only by an eating bar long enough for five or six stools. Utilities are tucked conveniently behind folding doors. However, some families might prefer to house a computer in this nook, for homework and games, and move the appliances into the garage.

Ceilings in the living and dining rooms are higher than in the rest of

the house, and vaulted. Clerestory windows, cap the three large multipaned windows, bringing in more light and giving the area a lofty feel.

In the large master suite, a vanity/dressing area nestles between the bathroom and walk-in closet. While not quite wide enough for window seats, natural window shelves in the other bedrooms are great for displaying plants, books, knick knacks or stuffed animal collections.

Three closets provide additional storage area in the entry area and hallway and there's space at the back of the stepped two-car garage on one side of the house, and the entry porch on another. The Downey is best suited for placement on a corner lot.

For a study plan of the DOWNEY (209-08), send \$5.00 to Landmark Designs, P.O. Box 2307, Eugene, OR 97402. (Be sure to specify plan name & number when ordering). Designers, Architects and readers with plans they would like to see featured also are invited to contact Landmark.

88-23-40

## THIS WEEK'S HOROSCOPE

BY SALOME

Weekly Tip: There is a need to build exciting, new relationships.

**Aries (Mar. 21 to Apr. 19)** Put energy into personal pleasure. New scenes and activities will please you and your current honey. The trend is upbeat, so don't be a sourpuss now.

**Taurus (Apr. 20 to May 20)** A release of romantic tension can turn out to be pleasurable. Your emotions need special attention. True love can be the ultimate gift.

**Gemini (May 21 to June 21)** Satisfy an appetite for mental gymnastics with a good rap session. Your intellect is creative, but lacks focus. Be watchful of associates.

**Cancer (June 22 to Jul. 21)** Pinching the budget may have family members screaming. You may be pressed for time and find yourself racing to keep up. Ease your burdens.

**Leo (Jul. 22 to Aug. 21)** Avoid someone who borrows but never pays back. Innocent flirting with the wrong person can get you in trouble. Use moderation in all endeavors.

**Virgo (Aug. 22 to Sept. 22)** Work on household budgets and examine cash flow. You will find out that finances are better than you expected. Attend to your health immediately.

**Libra (Sept. 23 to Oct. 22)** Illusions of grandeur can be a letdown, as it interferes with another's opinion of you. Other people already regard you highly. Start exercise routines.

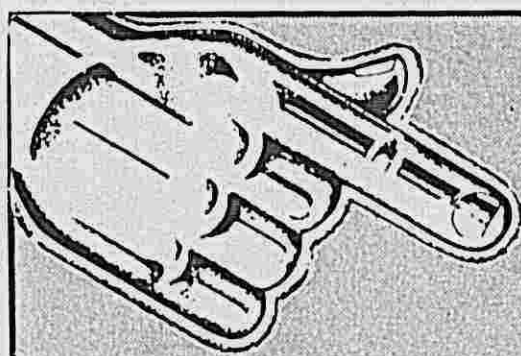

**Scorpio (Oct. 23 to Nov. 21)** Your physical body is asking for a rest. Stick to basics and keep a low profile. Casual friends brighten up the evening. Insist on budgeting.

**Sagittarius (Nov. 22 to Dec. 21)** You are on a domestic binge. Flex your culinary skills. Beware, family members may be in a teasing and joking mood. Take things lightheartedly.

**Capricorn (Dec. 22 to Jan. 20)** The week ahead will go better if you organize yourself today. Show sympathy to someone who is feeling low. Be a spunky team player now.

**Aquarius (Jan. 21 to Feb. 19)** Keep personal matters to yourself. Take a short junket to a cozy, quaint place with some old, tried and true friends. Be attentive at home.

**Pisces (Feb. 20 to Mar. 20)** You can use a better friend. You may want to show someone where the door is. Distant telephone calls will bring back pleasant memories.

## Lakeland Newspapers

# Lake County At A Glance

### Fire board trimmed

**HAWTHORN WOODS**—Membership on the Lake Zurich Rural Fire Protection Dist. board is back to five with the announced resignation of Donald "Red" Potter. He was named to the body in May by the County Board when it was believed a vacancy existed. Ed Courte of Deer Park, who was reappointed for a three-year term one year this spring, said he was legally appointed. With both Potter and Courte claiming legal membership, the district held monthly meetings with six members. One meeting was an executive session to discuss site selection for three new township fire substations.

### Watch levels

**ANTIOCH**—After a meeting between representatives of the Chain O'Lakes Fox River Waterway Agency and the Division of Water Resources for the Ill. Dept. of Transportation, it looks like

the state agency will be monitoring the water levels on the Chain O'Lakes and the Fox River more closely. The concern is that the annual fall draw down, set at 18 inches by the Army Corps of Engineers almost 30 years ago, is falling almost 30 inches below normal in the lakes system. Low water levels are known to cause shore erosion which hurts fish habitats, damages seawalls and gets in the way of the waterway agency's dredging projects. The IDOT officials, who are presently only watching monitors set up on the Fox River in the Columbia Bay area of Lake Villa and Fox Lake and on Channel Lake, have promised physical checks on the water levels because the monitor readings are showing higher water levels than actual measurements show.

### Police millionaires

**BARRINGTON HILLS**—Sixteen members of 18 member police department will get \$26,000 each for the next 20 years as a result of winning a one-third share of the weekend \$25 million Illinois State Lottery jackpot Lotto game. After six months of pooling their resources to purchase tickets, members decided last week to increase their contribution from the usual \$1 each to \$5 to purchase 90 tickets. One member, an officer on his honeymoon, did not make his usual weekly contribution. A police dispatcher said she did not feel like playing the Lotto game last week. Most of the new millionaires said they expected to continue working.

### Clean-up days

**NEWPORT TWP.**—Newport Twp. will be looking a little cleaner in the next few weeks as the township offers residents a chance to participate in the annual clean-up days. June 6, 7 and 8 have been designated as clean-up days in the township. BFI will be making curbside pick-ups in unincorporated areas of Newport Twp. The schedules: June 6 - south of Rte. 173, east to Bayonne to the Des Plaines River. June 7 - west of Des Plaines River, north to Rte. 173, south to Yorkhouse. June 8 - everything north of Rte. 173, east and west of township limits. Residents are asked to box and bundle all loose trash. No heavy metal objects, and tree limbs should be kept to four feet and be bundled.

### Crane meeting

**GRAYSLAKE**—U. S. Rep. Phil Crane (R-12th) will hold a town meeting at the College of Lake County June 2. The meeting will be held at CLC's auditorium at 19351 W. Washington St. Crane will listen to the concerns of audience members. Caseworkers from Crane's office will be at the meeting to assist with individual problems.

### Ryan ends conflict

**LAKE ZURICH**—Village Atty. Dennis Ryan has resigned from the Libertyville law firm of Gardner, Carton and Douglas with which he has been associated since 1981. Ryan and his wife, also

a lawyer, will form their own firm based in Libertyville. Ryan said he resigned upon hearing Kildeer village officials express concern about his appointment as new Lake Zurich village attorney and retention of his firm's Chicago office in a lawsuit by that village against Lake Zurich. Kildeer is asking the Illinois Environmental Protection Agency to prevent the Lake Zurich sewerage treatment plant from polluting Buffalo Creek flowing through the community. Ryan's firm represents Lake Villa, Libertyville and Fremont townships. He said some of these clients may elect to come with his new firm, which will operate from his home until space in a new office building is completed.

### Board denies variance

**VERNON HILLS**—The Vernon Hills Village Board attempted to resolve the Hawthorn Club subdivision landscaping debate at a special Committee of the Whole meeting. The board decided not to issue a variance on an ordinance that allows the steepest slopes to be five to one. Instead, they intend to tell United Development to regrade the area according to ordinance and put in sod for drainage purposes. Before the voting, Trustee Alvin Israel said he recommended sticking to the ordinance so that something could be done, rather than arguing about "what should be done," dragging out the landscaping delays even further.

## Church Talk

### Kenosha

The public is invited to hear the Signs of Love, a unique singing, signing, music and drama group of young people from Christ for the Nations Institute (CFNA) of Dallas, Texas. Mike and Sharon Teninty, who direct the group, also direct the Dept. of Deaf Studies at CFNI. The program will be held at 6 p.m. on June 4 at Lakeshore Tabernacle, 8900 34th Ave. in Kenosha.

### Mundelein

Faith Lutheran Church, Rte. 60 and Hawley St. in Mundelein, will hold their annual Vacation Bible School June 12 to 16 from 9 to 11:30 a.m. Activities will include Bible lessons, crafts, worship, music, fellowship and refreshments. Registration is open to children who are four years old through those entering eighth grade. The deadline for registering is June 1. Call (312)566-8941 or (312)566-8826 to register or for more information.

As part of its centennial celebration, the Community Protestant Church of Mundelein is planning an evening of musical memories and slide program on Wednesday, June 21, following a pot luck supper at 6:30 p.m. On Saturday, June 24, a centennial banquet will be held at Mundelein High School. Tickets will be \$6.50; reservations required.

### F —A Full Gospel, Charismatic Church— Resurrection

8102 Bilvin Street  
P.O. Box 309  
Spring Grove, Illinois 60081  
(815) 675-2601

Have you been bruised, rejected, wounded? So was Jesus Christ and by His own people. But, Isaiah 61:1 says: "...He has sent me to bind up the brokenhearted..."

God has raised up the ministry of Resurrection Fellowship as an outreach to the hurting—physically, emotionally and spiritually. He has restoration and healing for you through the blood of Jesus.

We invite you to come and be blessed in the presence of the Lord.

Services: Sundays 10:30 a.m. & 6:30 p.m. / Wednesday 7:00 p.m.

REVERENDS DON & TERRI LAESSIG, PASTORS

## Pet Parade

### PET CORNER

**Q.** My cat has ear mites. Can you tell me how a cat can get them, and what I should do about it?

**A.** The problem you describe is quite common. In fact, more cats have them than don't, especially young kittens. Most kittens pick them up from their mothers, but the highly contagious mites can be picked up anywhere a lot of cats congregate.

Ear mites live around and inside the ear and feed on the cat's blood. Although they are very small, you can tell when a cat has them because the normal pink, smooth ears have brown, crumbly "gunk" in the crevices. If not remedied, mites will continue to infect the ear and head. The cat constantly scratches, and this may cause scabbing or loss of hair. Left too long, the mites can cause inner infection, which could lead to cerebral damage.

Home treatment includes swabbing the area with alcohol or hydrogen peroxide. Mites propagate rapidly, so the treatment should be continued over time to break the lifecycle, just as in the treatment of fleas. A veterinarian will have the proper instruments and solutions to deal with the problem most efficiently. When treating a cat with mites, don't forget the head and tail. A cat will often sleep with its tail curled up around its face, and the mites may jump on for a ride. Dab a little alcohol to the tail as well.

## Pet of the Week

### Pepper and Trixie

The Pepper (left) and Trixie combination is this week's top 'Pet of the Week' duo. These two canines are very alike, as they get out of bed at the same time every morning and do the same tricks when they want someone to pet them. Not only are they lovable, but Pepper and Trixie are very smart, as well. They go to the exact same place for a treat after every meal. The fortunate owner of these dogs is Mrs. L. Buelow of Ingleside. To feature your pet, call (312)223-8161, or submit photo to Lakeland Newspapers 'Pet of the Week,' 30 S. Whitney St., Grayslake, IL 60030.

## Sports Briefs

### Baseball camps

Grand Slam USA is offering a full line of summer baseball and softball one week camps in various communities throughout the northern suburbs, affiliated with local park districts and-or youth league associations. Camps are offered to boys and girls, ages seven through 15, Monday through Friday from 8:30 a.m. - 3 p.m. for a fee of \$95 or half day for \$60. Families with more than one child will receive a \$10 discount off each enrollment. Each camper will receive a free camp t-shirt, cap, seat bands and a Slam mug.

Campers will be divided into age groups and instructed in the skills of hitting, bunting, fielding, pitching, catching, baserunning and theory. The instruction will be culminated with a controlled game at the end of each day. Camps will be staffed with the professional coaches from the Palatine Grand Slam.

The schedule of baseball camps in Lake and McHenry counties will be:

June 12-16: at Lippold Park (Crystal Lake) and Cook Park, Wauconda.

June 19-23: at Barrington High School.

June 26-30: at Sara Adams School, Lake Zurich.

July 10-14: girls softball camps at Skokie Playfields in Winnetka, Crystal Lake and Wauconda.

### Brincat contributes

Christy Brincat of Kildeer, a freshman at Beloit College, played second base for the Buccaneers this season.

A starter, Brincat batted .200 this season with one home run and five RBIs in 26 games for the Bucs. Beloit was 14-14 this season.

"Christy did a great job at second for us. She is quick and has a good arm and a great attitude," Coach Pam Samuelson said.

Bucanier athletes compete in the Midwest Collegiate Athletic Conference.

Brincat is the daughter of John and Marilyn Brincat.

### Carl receives letter

Renee Carl, who completed her sophomore year at Wesleyan University in Middleton Conn, a Lincolnshire resident, earned her second varsity letter in swimming at the college, head Coach John Ryan announced.

Carl competed in freestyle, butterfly, individual medley, freestyle relay and medley events for the Cardinals in the 1988-89 season. Among her achievements during the year were a first-place finish at in the 2000-yard butterfly at the Southeastern Massachusetts University Invitational meet and a piece of the Wesleyan team record in the 400 medley relay (4:19.24) at the New England Division III Championships as the squad placed ninth in that event. Carl is the holder of the school's 220-yard butterfly record (2:20.11), set last year.

Wesleyan closed out the 1988-89 dual meet season with a 3-5 record, placed third of eight teams in the Southeastern Massachusetts University Invitational meet and went on to place 10th among 24 teams in the New England Division III Championships.

The daughter of Norman and Marlene Carl of Lincolnshire, Carl is a 1987 graduate of Adlai Stevenson High School in Prairie View where she won four varsity letters in swimming, captained the team for two years and won MVP honors as a senior.

## Devils, Mustangs set for sectional

By STEVE PETERSON  
Lakeland Newspapers

The last time Warren and Mundelein girls softball teams met it was one cold day in April.

A day for blankets, hot chocolate and extra innings.

The Blue Devils gave the Mustangs their most serious challenge in the North Suburban Conference before losing twice, 5-4 and 9-8.

The two teams will clash again Saturday with much more at stake than mid-season momentum. This time the Blue Devils, after winning their own regional, will try and deliver a knockout punch at the Mt. Prospect sectional.

"It's good to see two North Suburban Conference teams make it to the sectional," Mundelein Coach Jim deRivera said.

Mundelein upended Northwest Suburban Conference champ Lake Zurich to win the Barrington regional while Warren beat both the rain and Zion-Benton 9-3 to win its regional at Viking Park in Gurnee.

Game time at Mt. Prospect is 10 a.m. June 3.

Crystal Cobb, who Tuesday was named female athlete-of-the-year for Warren was the winning pitcher, allowing just four hits.

"She did a good job. She has speed and that took them away from their bunting game," Warren Coach Chris Woodard said.

Warren continued its postseason trend of

aggressive hitting as the Blue Devils pounded out 11 hits. "The big thing is we are getting timely hitting. We weren't getting that in the past," Woodard said.

Warren, 16-9, started the game by

### Firing one home

Warren pitcher Jan Jahnke fires pitch home during regional semifinal game against Round Lake. Jahnke was winning pitcher as Blue Devils won 18-2. Warren then won own regional with 9-3 win over Zion-Benton.

- Photo by Steve Peterson.

having two of its batters strike out but made amends with a two-run second and third innings. The Blue Devils then scored five runs in the third inning before the rains came, ending the game after five.

Andrea True and Sue Huntington singled and Lisa McGinnis reached on a fielder's choice in the second. A walk to Lydia Gonzalez and a single by Karen Uhler made it 2-0.

Jan Jahnke and Huntington singled in the third inning and McGinnis hit a shot off the Zion pitcher to load the bases. Shawn Corsi delivered an RBI single and Uhler then brought home two runs.

Meanwhile at Barrington, Mundelein overcame nine errors in the win over the Bears.

Susan Musselwhite was the winning pitcher for the Mustangs, who came into the sectional with 24 straight wins and a 25-5 record. Musselwhite surrendered four hits and had three strikeouts.

Mundelein scored three runs in the fourth and fifth inning. Lake Zurich, which had only lost one game previously, scored one run in the third and another in the seventh inning.

Musselwhite, a senior, started the Mustang offense going into the third when she singled and stole second and third. After a walk to Lynette Kowalke, Katie Alyea singled to score Musselwhite. A deep sacrifice fly by Rachel Rios scored two more runs.

## Kemper Lakes draws mixed reviews

By STEVE PETERSON  
Lakeland Newspapers

When Curtis Strange designs a golf course, he will not seek good scores from Jack Nicklaus, Craig Stadler or Greg Norman.

Instead, he will be seeking a fun day on the course for your average duffer.

"The way courses are designed now, golf is getting much too difficult," Strange said.

Strange, the defending U. S. Open champion, said courses should cater more to the average player. Especially if it is true that some 4,000 courses will have to be built by the year 2,000 to meet the growing demand.

Strange, a 13-year veteran on the PGA Tour, temporarily conquered Kemper Lakes Golf Course Monday. The 5-11, 170 pound winner of four tournaments last year led a field of four PGA professionals with a one-over-par 73. His 36-37 topped second-place Craig Stadler's 75 and Ian-Baker Finch's 76 during the Grand Slam of Golf. Norman technically did not finish the round.

"I like the old type courses," Strange, a Virginia native, said.

Baker-Finch, a replacement for injured defending PGA Champion Jeff Sluman, agreed with Strange.

"There is too much artificial toughness on courses," he said.

Strange said he was hesitant at first about designing a course but is now "looking forward to it".

Described as "the world's best player today" by Hale Irwin last year, Strange explained the land in Tinley Park as flat for the 6,000 yard course.

Memorial Day began with a downpour at the Hawthorn Woods course but everything went according to plan. The event, which included several Lake County golf course professionals playing with the tour members, served as a dress rehearsal for the PGA Championship in August.

The professionals had mixed reviews of the course. All stated they would have to play the par 72 course more often to make

a firm opinion.

Junior Golf, via the Michael Louis Foundation, was the big winner overall, though, as \$100,000 was raised for Junior Golf activities.

"It's a good course. I like 10, 11 and 12 holes, but I don't like 18 as a finishing hole," Baker-Finch said.

"No. 18 is not one of the best finishing holes," Strange said.

Baker-Finch fared better on the front nine than the second, scoring a 36 and 40, respectively. He parred all holes on the front nine but had two bogeys on the back side.

"I really enjoyed Kemper Lakes' back nine, but I really didn't get a look at the front nine to make a judgment," Stadler, whose 75 was three-over-par, said.

## Carmel offers hoops, soccer, football camps

Carmel High School in Mundelein will be hosting boys basketball, boys soccer and football camps this summer.

The basketball camp will be open for Lake County students going into grades five through 12 this summer.

Students going into grades five through seven will meet from 9 to 11 a.m. from June 12 to June 23. Students going into grades eight and nine will meet from noon to 2 p.m. June 12-28. Students going into grades nine and 10 will meet July 5 - 21 from noon to 2 p.m. Boys going into grades 11 and 12 will meet the same dates from 9 - 11 a.m.

The cost for the camp for grades five through seven is \$50. The other levels will be \$60.

Coach Scott Rosberg will coordinate the camps.

Coach Tom Ragen has announced the soccer camp will be for Lake County students from grades seven through 11.

Students currently in grades seven and eight will meet from 5 to 8 p.m. July

"The long hitters will love it," Stadler said of No. 18.

Of the upcoming PGA Championship: "the fairways will get firmer over the summer and won't be as soft as they were today. Kemper Lakes will be a real test for pros playing in the PGA Championship. Even par will be a good score if the wind is blowing in August like it was today," Stadler said.

Grand Slam notebook: there was a tie for first place among the four teams of amateurs. The team playing with Stadler and Strange of David Shaw, Brian Haigh, David Sachs and Robert Hadley and the team also playing with Stadler and Strange of John Arnos, Sr., John Willhelmi, John Kelly and David Arbesman both had nine under par scores in the best-ball format.

10-14. Students currently in grades nine through 11 will meet from 5:30 - 7:30 p.m. July 17-28.

The cost of the camp is \$50.

Coach Mike Fitzgibbons and the Carmel football coaching staff will provide instruction at the summer football camp. The Corsairs are coming off their first-ever playoff appearance.

The camp will be held from June 19-23 for students in grades six through nine.

The fee is \$50 and all participants will receive a t-shirt. The fee includes insurance. Early enrollment is encouraged.

Registration forms for basketball and soccer are available at all area grade schools and junior highs. More information can be obtained by calling Carmel High School at (312) 566-3000. Registration will also be held at Carmel on Saturday, June 10 from 10 to noon.

A registration session will be held for football June 3 from 9 a.m. to noon.

# Slater's dramatics gives Carmel regional victory

The Barrington regional provided both good news and bad news for the Carmel girls softball team.

The good news: a dramatic home run by Jenny Slater capped off a rally by Carmel girls softball team in a 6-4 win over Libertyville.

The other regional contest is something the Corsairs may wish to forget as Mundelein eliminated them 15-2.

Slater, a junior, poked the ball over the right-centerfield fence at Libertyville to secure the Carmel win.

"She's a real good hitter," Carmel Coach Linda Jeffrey said.

Stephanie Godwin had a bunt single and Patty

Migley reached on an error before Slater's heroics.

The hit was Slater's second on the day. She also walked.

Mary Foley was two-for-two with a walk and contributed a fine defensive play in center.

Carmel sophomore Jenny Kolacz was the winning pitcher, walking four and allowing five hits. Two of those were sixth-inning home runs. But the hurler settled down in the final inning to advance Carmel to the regional semifinals.

The win for the Corsairs gave them revenge for a 9-4 loss suffered at Libertyville in the final regular season game.

The Corsairs, who finished the season at 12-

13, traveled to Barrington somewhat shorthanded against one of Chicagoland's best teams in rival Mundelein.

Foley, who was named to the second-team All Girls Catholic Athletic Conference and Migley were participating in graduation ceremony at the Mundelein school when the rest of the team traveled to Barrington.

Not that the two would have provided the difference necessarily, as Mundelein downed Carmel for the second time.

The Mustangs led 9-0

after four innings but Carmel scored two runs in the seventh inning.

Susan Musselwhite

threw a one-hitter for Mundelein, as Carmel's only hit came on a bunt by sophomore Nicole Eigner.

Musselwhite aided her own cause with a home run and a triple in the 15-hit attack.

## Sweet, Mohr earn medals

Mundelein's Nathan Sweet, Grant's Joe Wach ended their track and field careers on bright notes while competing at the state track and field finals.

Sweet's efforts were highlighted by a 1:55.28 in the 800 meter run. The clocking at Eastern Illinois University earned Sweet a third-place medal.

"I think he finished his career off in fine fashion,"

Mundelein Coach Art Campbell said.

Grant's Wach also drew praise from his coach, Sam Spasojevich. The Bulldog senior competed in three events at Charleston after setting three records at the Northwest Suburban Conference meet. His best

chance for a place finish was in the high jump. Despite a wind, he leaped 6-4. Wach

had cleared 6-6 in the preliminary round. The Saturday jump gave him ninth place, but the top eight receive medals.

Wach, whose career goals are in the engineering field, is looking to attend either Marquette or University of Illinois.

Dave Mohr of Stevenson finished third in the high jump with a 6-6.

## Antioch offers hoops camps

Antioch High School boys basketball Coach Jeff Dresser will be hosting a basketball camp for boys and girls.

The camp at ACHS will be held June 12-15 and June 19-22. The eight-day camp will be for boys and girls entering grades six through nine.

Antioch, Lindenhurst and Lake Villa residents will be eligible.

The cost is \$20 and will

include a certificate and a t-shirt. Boys will meet from 8:30 - 10 a.m. and girls from 10 - 11:30 a.m.

One of the camp's highlights will be an appearance by NBA player Jim Less of the Utah Jazz.

Dresser, in his second year with the camp, said the emphasis will be on fundamentals. Participants will also be able to have their skills analyzed via videotape.

## PROTECT YOUR VEHICLE AGAINST THEFT WITH

ELECTRONIC VEHICLE SECURITY

Security, Safety  
and Convenience  
...at your fingertips

CALL FOR  
PRICE  
QUOTES

### VEHICLE THEFTS ARE ALARMING

- One out of every four vehicle owners will be a victim of theft—either of the vehicle itself or its contents and accessories
- A vehicle is stolen every 30 seconds
- Car thieves victimize over 12 million vehicles every year

### EVS CAN DETER THIEVES

The Electronic Vehicle Security Systems from Mopar are among the latest in vehicle security technology. EVS protects your vehicle, your valuables and even your family.

To make your vehicle even more secure, a special "Scan Deterring" function keeps potential thieves from using a radio transmitter frequency scanner to disarm the vehicle.

Insurance companies in some states offer insurance premium discounts for vehicles equipped with Security Systems. Ask your Insurance Agent for details on your particular policy.

Two Security Systems are available, to meet your protection needs at your local Chrysler Motors Dealership.

### BOTH MOPAR EVS SECURITY SYSTEMS ARE DESIGNED AND ENGINEERED JUST FOR CHRYSLER MOTORS VEHICLES

EVS Security Systems are designed to work with the vehicle's electronics.

The security system connectors are customized to match your vehicle's connectors. That assures good performance and long trouble-free operation.

## Mopar EVS offers high-tech protection tailor-made for your Chrysler Motors vehicle

### TWO EVS SYSTEMS TO CHOOSE:

#### THE PASSIVE SECURITY SYSTEM...

1. Turns itself on automatically when you or your last passenger gets out and closes the door. Needs no special key or switch to activate. Nothing to forget.
2. Lets you know it's on. It's siren chirps twice and the red light monitor on the dash blinks to show the system is operating.
3. It turns off without hassle, confusion or extra effort. When you get in you have 15 seconds to turn the ignition key on. The EVS even reminds you to turn on the ignition key—when you open the door—by making a ticking noise until the system is turned off. That's all there is to it—the system is off.
4. There is a "valet" feature, which turns the system off while the vehicle is being serviced or for valet parking. A green light on the dash reminds you that the system is temporarily off.
5. For extra security a panic button is standard which instantly sets off the alarm for ten seconds at a finger's touch. The button is on the dash, in easy reach, ready for use with the ignition off.

#### THE REMOTE CONTROL SECURITY SYSTEM...

1. The remote system operates like the passive system except now there's the added convenience of remote control. The control is a hand-held key fob.
2. The #1 button on the key fob allows you to turn the alarm on after leaving the vehicle. As a backup safety measure, the alarm will turn itself on automatically after 40 seconds even if the remote control isn't used. Two chirps of the siren and the flashing red light lets you know the alarm is on.
3. The #1 remote key fob button is also used to turn the system off from the outside. To indicate the system is off, the siren chirps once and the red monitor light goes out.
4. The remote system offers a feeling of personal security. The #2 button on the key fob is a panic button that sets the alarm off in or at the vehicle, should a threatening situation arise.
5. The remote system provides another special feature. If your vehicle has power door locks, the remote control can also lock and unlock the doors and turn the inside lights on—all from outside the vehicle. This is an excellent convenience feature—when your hands are full of packages or when it's raining or cold outdoors, no more fumbling with your keys in the door.

# Blue Devils fall victim to Libertyville's rally

Libertyville's Shawn Stanek wanted to call timeout.

He started to do just that, but Warren pitcher Steve Marolewicz was already in his windup. The umpire denied Stanek's request.

That didn't seem to matter as Stanek poked a double to left field in the fourth inning of the regional semifinal game. The hit put Libertyville ahead to stay.

That's the way the inning went for Warren. The Blue Devils led 3-0 before the mighty Wildcats scored nine

times in the fourth and went on to win 13-5. The win eliminated Warren, 16-11, from the Waukegan West regional.

"I knew we would score some runs, but I did not think we would score that many runs," Libertyville Coach Jim Panther said as his Wildcats celebrated.

Warren's Steve Kraus had given the visitors at Bowen Park an early lead with a two-run homer in the second inning.

"That was the best he's hit the ball since the first

game of the year," Warren Coach Ron Shelton said.

Warren later added another run and seemed to be in control.

"The game was very similar to the regular season games," Panther said.

Indeed, Warren led in both doubleheader games against the Wildcats only to see the Libertyville team rally.

Jon Shanholtzer started the inning in which Libertyville sent 11 batters to the plate with a walk.

Matt Marquardt doubled and a fielder's choice scored a first run.

One out later, a walk loaded the bases before Ed Drange came through with an infield hit, scoring Marquardt.

Then came Stanek's attempt for a timeout and subsequent double. The hit scored two and put Libertyville ahead to stay at 4-3.

Andy Forgione, who came on in relief to pick up the win, had a two-run double to make it 6-3.

Warren's Bob Brock made a nifty catch against the

fence in left field but Shanholtzer singled before Marquardt blasted a home run to make it 9-3.

"Don't quit" was the chant in the Warren huddle in

between innings and the Blue Devils didn't. In fact, they scored two more runs and had the game-tying run at the plate in the fifth inning.

## Rain makes Corsairs, 'Cats play waiting game

For two months, most opponents and Mother Nature had one thing in common when it came to the Libertyville baseball team: they just could not lick those Wildcats.

When other teams were rescheduling games, Wildcat Coach Jim Panther said full steam ahead. Even the freak snowstorm of May 6 did not stop the Wildcats.

But lightning and a 20-minute downpour which left Al Groche field in Waukegan did. Moments

after Carmel's Randy Olejcek tripled, streaks of lightening filled the sky. Libertyville was winning 11-1 at the time but the Wildcat fans would have to return to Waukegan a day later. At stake is a berth in the Barrington sectional against Freeport June 3.

Libertyville, the Waukegan West regional tournament's No. 2 seed and favorite among many coaches, hit the Corsairs of the 30-1 record early and hard.

Coach Chuck Gandolfi used three pitchers before the rains came.

Libertyville's Bart Nielsen was on base three times in four at bats with a double, single and an error.

The game started under overcast skies with reports of thunderstorm warnings to the west.

Libertyville gained a quick 2-0 lead as Andy Forgione reached on an error. Nielsen doubled, a sacrifice fly and Matt Marquardt's single made it 2-0.

# NWSC announces spring all-academic athletes

Northwest Suburban Conference has recognized its brightest student-athletes in spring sports.

The league's all academic team has been announced for baseball, softball, boys track, girls track and boys tennis.

A total of 222 students from the eight teams were honored as making the all-academic or honorable mention teams.

Thirty student athletes had grade point averages of 4.0 or 5.0, led by boys track with 12.

Those making the coveted all-academic teams include:

| 1988/89 Baseball |             |

## EYE CARE

News, Views & Questions About Your Eyes

By

Robert L. Epstein, M.D., Director  
Illinois Center for Corrective Eye Surgery

QUESTION: Would you please explain to me what a cataract actually is?

ANSWER: A cataract is a clouding of the normally clear lens of the eye. This clouding, a natural aging of the lens in most cases, prevents light from passing through the lens to the back of the eye, or retina. Much like the lens of your camera focuses light on the film, the lens of your eye focuses light on the retina. If the front of your camera's lens becomes dirty or fogged, then the picture taken will be hazy or blurred.

## WHERE DOES IT HURT?

Ouch! Ooowl! Yipes! People suffer every day from pain and other health problems. Some seek help and are told they must learn to live with it. Others sit back and hope the pain will go away. Since 1895, tens of millions of people with health problems have turned to chiropractic. Did you know that chiropractic has helped headaches, backaches, tensions, dizziness, allergies, respiratory problems, neuritis, bursitis, sciatica and even digestive problems? If you have a health problem and nothing else has seemed to help, don't suffer needlessly. Find out if chiropractic can help you. CALL TODAY!

# Golf committee huddles with arts center backers

At least one member of the Lake County Forest Preserve Board's golf committee believes it will be at least four to six months before the committee grants its blessing for a cultural arts center.

Lake County Board member Bob Neal of Dist. 3 said engineering reports must be filed.

The committee met Tuesday with representatives of the Grayslake Development

Corp. and earlier reviewed a report from the Lake County Arts Council.

"I think it has a lot of merit to it," Lake County Board Chairman Norm Geary of Grayslake said.

Geary acknowledged that some members of the golf committee are for the plan while others oppose it.

The cultural center would be built next to the Brae Loch Golf Course if the proposal is approved.

Geary said the GDC

proposed private funding to support the arts center.

The Lake County Arts Council has proposed an theatre for the performing arts be built.

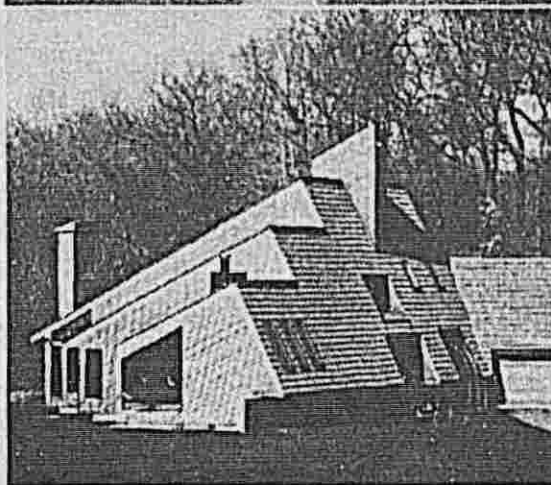

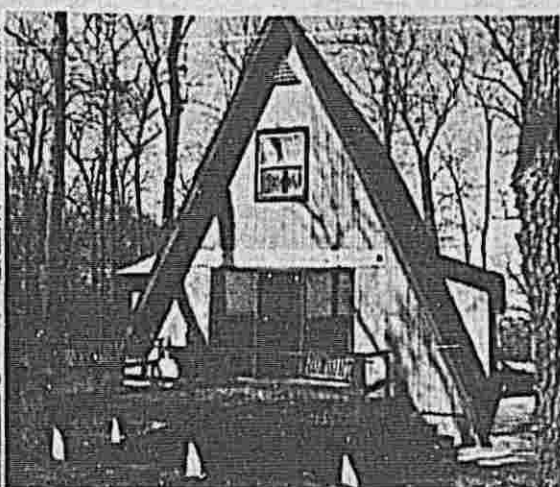

"I'm not opposed to a cultural arts center in Lake County," Neal said.

Neal said what is needed is "to make the course a good course," stating

flooded problems which exist on the course off Rt. 45.

He said he hoped the 59 acres would be used to expand the golf course,

solve the flooding problems, add a driving range and have three or four holes available to the College of Lake County for teaching golf.

## Our Mortgages Come In All Different Styles, Too.

We have more ways to get you inside a house than a locksmith. All our loan decisions are made locally, with competitive rates and flexible terms. And all our mortgages feature something called Mortgage Plus, a package of valuable coupons good for a variety of financial services.

So stop by any one of our offices. Or talk to your nearby Realtor about us. The next thing you know, you could be unpacking large boxes.

**FIRST OF AMERICA Bank**

**Adjustable rate**—Generally gets you more house for less of a monthly payment. Within certain limits, though, both the interest rate and payment can go up or down.

**Convertible**—The same as adjustable, except there's the option of converting to a fixed rate. Simply pay a conversion fee to lock in your interest rate.

**Fixed rate**—The interest rate stays the same for the life of the loan. Which means so does your monthly loan payment.

**Biweekly**—Payments are made every two weeks instead of monthly. Saves on interest charges. Builds equity faster.

**FHA**—A government insured program that lets you own a home with only a minimal down payment.

## Consolidation to speed up building process

Consolidation of the planning commission and zoning board of appeals will go a long way toward expediting the process property owners have to go through to get the greenlight for building in Fox Lake.

That's the opinion of Mayor Frank Meier who says he's convinced that his efforts to streamline the application and approval process is in the best interests of everyone involved.

"Right now property owners have to go through five phases in the approval process because we have separate boards. That's too much red tape and it takes too long," the mayor declared.

Meier said he came to the conclusion

that merging the two boards will be beneficial after conducting a survey of other Lake County municipalities.

All the progressive communities have one entity to handle planning and zoning, he said.

"I'm trying to eliminate bureaucracy," Mayor Meier declared.

The mayor said he is going gradually on rounding out all his appointments to "get the best possible people." He said the consolidated planning/zoning unit will contain nine persons.

Meier indicated that he might be ready to announce appointments to the new merged board at the next regular council meeting Monday June 5.

## Lioness club installs

Grayslake Lioness Club will hold its installation of officers at a dinner June 24 at the Columbia Bay restaurant in Lake Villa.

New officers to be installed are: President Martha Wilson, Vice-President Sandra Johnson, Recording Secretary Barbara Hall, Corresponding Secretary Hazel Wurth,

Treasurer Barb Subject, Lioness Tamer and Tail Twister Jodi Anderson and Immediate Past President Helen Thielen.

New directors are Shirley Gould, Darlene Dorsler and Marsha Mutaw.

New members are: P. J. Jarvis, Nettie Galla, Marion Potter and Lois Prendergast. The Lioness Club now

has a total membership of 28.

Anyone interested in Lioness activities is encouraged to visit the club's meetings held the second Tuesday of each month in the Grayslake Community Room.

One's husband does not have to be a member of the Lions Club.

### Q. Why are contact lenses more expensive than glasses?

A. The cost of contact lenses is deceiving because we usually think of it in one lump sum. Actually, the cost of lens materials is no greater for contacts than for glasses. The additional cost of contacts goes for the many extra services you need.

The optometrist, for example, spends more time and uses more skill to properly prescribe, analyze, design, verify and modify the fit of contact lenses. There is also the cost of the individualized instructions you need to learn how to put on, take off and care for your contacts. In addition, the initial cost of contact lenses should cover follow-up office visits during the adaption period. These are essential for your safe and successful wearing of contacts.

# Barrington police split Lotto jackpot 18 ways

Police in Barrington Hills found over the weekend that winning tickets for themselves paid off. As a result of buying a winning

lucky Lotto ticket, 16 members of the department will split \$8.3 million. That will result in 20 annual payments of \$26,000

each. As they have been doing regularly for six months, members of the department last week pooled their re-

sources to purchase 90 tickets for the May 27 Lotto drawing worth \$25 million. Illinois State Lottery officials said three

winning tickets were sold.

Sixteen of the 18 members of the department bought tickets last week. The winners are Chief Robert Lamb, Cmdr. Ed Fair, three sergeants, two dispatchers, a maintenance employee and eight patrolmen.

Officer Michael Wisniewski organized the pool and purchased the

tickets each week. The group's previous lottery win netted each member of the pool \$5.

In advance of last week's \$25-million prize, members increased their contribution from the usual \$1 to \$5 each. One member of the department will not share in the winnings. He forgot to make his contribution before leaving on a honeymoon.

## Good Shepherd honors employees

Twenty-two Good Shepherd Hospital employees were honored for their years of service. Lakeland area employees honored were:

Barrington resident Sharon Campbell (material services); Bartlett resident Linda Tyndorf (transcription); Lake Zurich residents

Mary Ellen Crowe, R.N. (obstetrics) and Marietta Vonsande, R.N. (emergency medicine); McHenry residents Kathleen Glab (central

sterile processing) and Margaret Williams (purchasing); and Wauconda resident Steve Falletti (housekeeping).

## Walk-A-Thon in Hawthorn Woods

"Spring Into Step" is the theme for the five mile Walk-A-Thon sponsored by the American Cancer Society, South West Lake County Unit. The Walk-A-Thon will be held on Sunday, June 4 in Hawthorn Woods.

The walk will start and finish at the Hawthorn Woods Village Barn, located at Old McHenry and

Quentin Rds. The event will run from 9 a.m. to 3 p.m. with the last registration at 1 p.m.

To obtain a pledge sheet or for more information call the American Cancer Society office at (312)336-9293.

**Dr. Gary L. Rippberger**  
**SWOLLEN ANKLES**

Two areas of the foot are frequently troubled with swelling. One is the top, toward the outer side just in front of the ankle bone. Some people have a more prominent muscle than others, and are more prone to the swelling that causes bulging skin around the ankle bone. The second area of frequent swelling is below and in front of the ankle bone of some women. The fat pad swells up creating discomfort, especially during a hot, humid summer day. An injury, systemic problems, excessive pronation, overuse of feet while carrying heavy bundles -- all will compound the painful sensitivity of the area. This should signal the need for podiatric examination.

Presented in the interest of better foot care by  
273 Peterson Rd.  
LIBERTYVILLE

GURNEE  
**680-4200**

Nowadays, you're training just so you'll have the wind to blow out next year's candles.

You've come to accept that every now and then your car needs to let off steam, too.

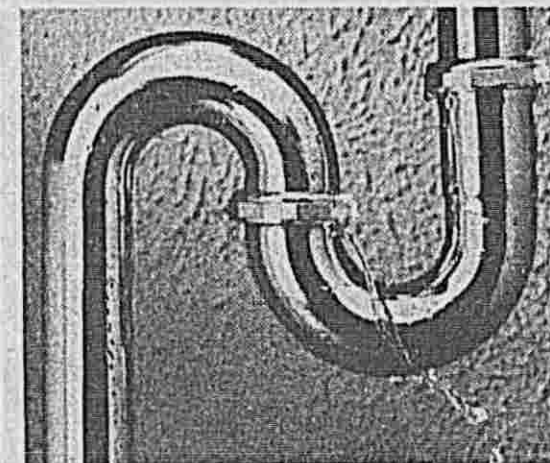

For years, every time your kid opened his mouth, you heard cash registers.

Even though six dozen socks have disappeared in the washer, the laundry pile always stays the same. Or even grows.

You've paid so many taxes, you feel certain that you alone financed the economic recovery.

More than once, you've discovered that your house is something of a liquid asset.

## JUST AN IDEA OF WHAT PEOPLE HAVE TO GO THROUGH TO QUALIFY FOR OUR PRIME TIME ACCOUNT.

Because life is chock full of fender benders, bent braces, and unexpected visits from the in-laws, we now offer a reward just for wading through it all.

The Prime Time Account. With it you can consolidate a lot of your banking into one account, minus a lot of the fees. Take checking. It's free with Prime Time. So are personalized checks. You get a no annual fee VISA® or MasterCard®. Plus free traveler's checks, travel discounts and lots more. The Prime Time account is

available to applicants of all ages. All you have to do is keep \$2500 in a Money Market Savings account.

**Special 1/2 Percent Bonus Rate CD.**

Open a Prime Time Account at one of our offices before June 30 and we'll also give you a 1/2 percent bonus rate on a new one-year CD. That alone could earn you enough to pay for the water heater that's about to go on the fritz.

Values in full bloom bring fresh spring brightness from Flexsteel to your home! Fabrics and styles are even more beautiful this year. As always, you get the quality you've learned to depend on any time you see the Flexsteel name. Flexsteel's secret has lasted for nearly a century: quality in both materials and detail! Probably the most famous is Flexsteel's unique, lifetime warranted seat spring. Let us show you their many lifetime warranties.

Above left: Contemporary styling: welted cushions, upholstered base, large comfort pillows.

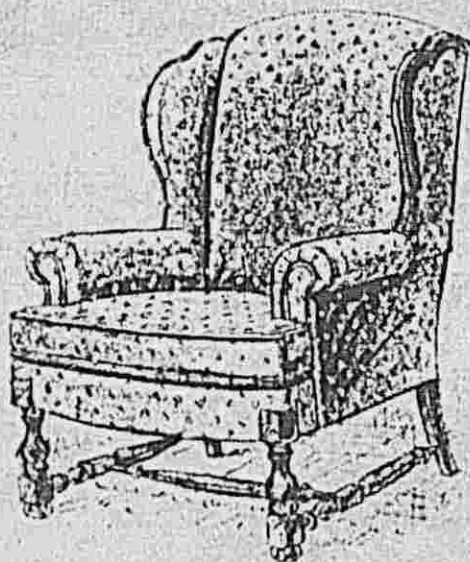

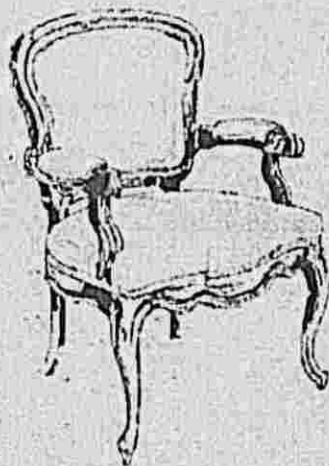

Above right: The charm of the natural country look with wood trim, ruffled comfort pillows.

Left: Traditional crescent sofa has double welted cushions, kick pleats, comfort pillows.

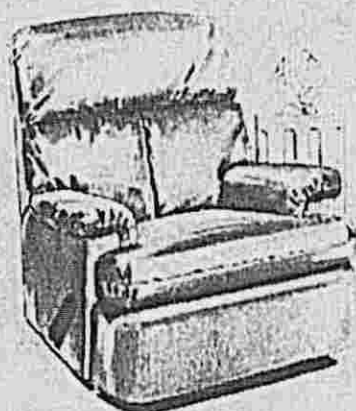

**FLEXSTEEL®**  
FINE UPHOLSTERED FURNITURE

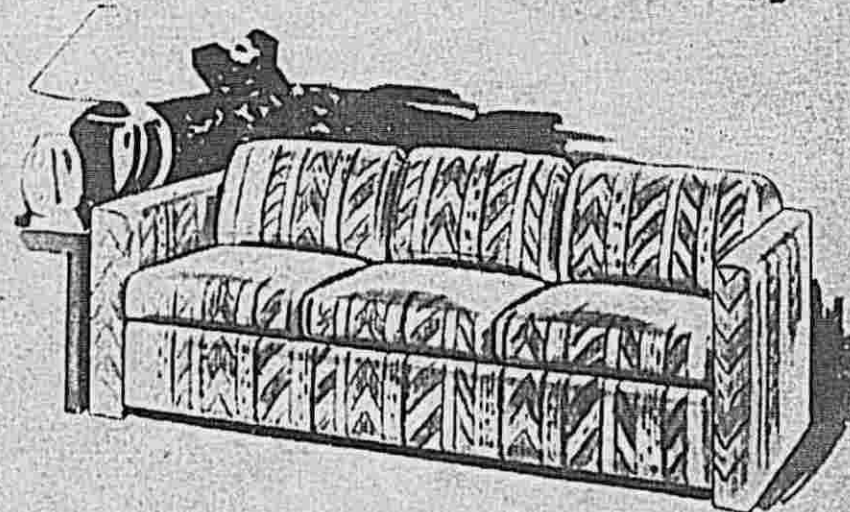

Choose a charmer: values in accent chairs include rich elegance, cozy wing-chair charm. Many more to choose from.

Unequalled comfort and fashion in sofa sleepers, each with luxurious innerspring mattress from Restonic®. Frame is also warranted for life.

Geometric tufting: a recliner with a contemporary look.

Blazek's: National Winner Of The 1988 Window Fashions Competition
